Federal Register, 2006-03 Ontologies for Agents: Theory and Experiences Valentina Tamma, Stephen Cranefield, Timothy W. Finin, Steven Willmott, 2006-03-30 There is a growing interest in the use of ontologies for multi agent system applications On the one hand the agent paradigm is successfully employed in those applications where autonomous loosely coupled heterogeneous and distributed systems need to interoperate in order to achieve a common goal On the other hand ontologies have established themselves as a powerful tool to enable knowledge sharing and a growing number of applications have benefited from the use of ontologies as a means to achieve semantic interoperability among heterogeneous distributed systems In principle ontologies and agents are a match made in heaven that has failed to happen What makes a simple piece of software an agent is its ability to communicate in a social environment to make autonomous decisions and to be proactive on behalf of its user Communication ultimately depends on understanding the goals preferences and constraints posed by the user Autonomy is the ability to perform a task with little or no user intervention while proactiveness involves acting autonomously with no need for user prompting Communication but also autonomy and proactiveness depend on knowledge The ability to communicate depends on understanding the syntax terms and structure and the semantics of a language Ontologies provide the terms used to describe a domain and the semantics associated with them In addition ontologies are often complemented by some logical rules that constrain the meaning assigned to the terms These constraints are represented by inference rules that can be used by agents to perform the reasoning on which autonomy and proactiveness are based

Gran Turismo 4 Official Guide Mathieu Dajam, 2005 For the Love of Dog Radical Rooney, 2015-12-23 The main protagonist is a naive Chinaman Lee Fong of basic tastes and culture whose work in China involved preparing various animals for human consumption principally in the abundant dog markets which proliferated in his local area He was brought up in an orphanage with an horrific environment but made two important friendships which enabled him to eventually escape to England One was a lady of mixed descent with whom he fell deeply in love but his other friend evolved into a mercenary individual once he had tasted the riches of the West After many years of hardship in the dog markets he made his way to London where his two friends had opened a Chinese restaurant The story relates how his conception and cruelty to animals like the dogs he had abused in China slowly but radically changes through a sequence of bizarre events **Japanese**
