debates within churches which require developing life giving theological language and imaginative theological alternatives that may speak to experiences of matters relating to reproductive health The popular books TV series and films that touch upon these discussions including *The Handmaid's Tale* and *Mother* strengthen the perception that a more in depth theological and ethical discussion on the theme may be necessary particularly towards exploring stories and confessions from our faith tradition that may provide us with a timely opportunity to do the important work of theological reconceiving

Bryden Black, 2015-06-22 How might the formal Christian doctrine of the Trinity make a real concrete difference in the lives of individuals and in the life of the church This book proposes there are two parts to answering this important but elusive question In the first place how on earth did the Early Church actually reach its conclusions about this understanding of God and why What's the real point behind their endeavors How might we apprehend what is otherwise sheer mystification or even nonsense in some people's minds Arising out of the answers to such questions we can secondly construct an appropriately simple model of the Trinity By means of this model we can understand with sufficient justice the ways the triune God has come among us in our human history ways that are still ongoing today For the proposed model allows us to begin to appreciate the true mystery of the Christian Faith while also making a practical difference to the lives of Christian discipleship in prayer worship and mission

postChristian Christian Piatt, 2014-08-12 It's the end of Christianity as we know it But it's not a catastrophe it's an opportunity Thousands are walking away from the church Christians are grappling with their faith

And both believers and nonbelievers wondering what's coming next Fearless and provocative spiritual trailblazer Christian Piatt offers a roadmap to the future of faith with an unflinching examination of the church today What's left Pairing the best virtues and worst scandals of Christianity Piatt invites us to abandon institutional religion for deeper truer faith Can we fix it Guided by the biggest historical religious and pop cultural pioneers of the post-Christian era he demonstrates how to save the best of what Christianity has to offer and how to rediscover and reinvent the rest Do we care There's plenty of good left in Christianity if we dare to be as scandalously graceful and loving as Jesus Himself Bold and insightful Postchristian dares Christians to break out of the box and invites outsiders into the fold as we revolutionize faith for a postmodern world **A**
