Invasion reveals the Muslim Brotherhood has a well defined strategy for conquering America not necessarily with violent jihadist attacks although we should expect those to increase but through more subtle means collectively called civilization jihad According to the Brotherhood s own documents seized by the FBI civilization jihad involves infiltrating and conquering Western democracies from within The goal is to partner with leftist and anarchist groups such as Black Lives Matter to tear at the fabric of Western civilization and the Judeo Christian values that undergird it Their intent is to use liberal immigration laws to create settlements for Islam in America which in turn become enclaves of non assimilated Muslims who can easily become radicalized by a preacher at a local mosque or by watching a Youtube video posted by an imam in Pakistan Very simply civilization jihad calls for changing a nation by changing its people and its values gradually over time Stealth Invasion blows the lid off a corrupt fraudulent program that has been secretly dumping Third World refugees many of them radical on American cities for three decades Readers will meet the people and groups behind this shadowy resettlement network which starts at the United Nations and includes the White House the U S State Department some surprising church groups and corporate honchos involved in everything from investment banking and meatpacking to Florida vacations and yogurt manufacturing Americans have been kept largely in the dark about the radical plans to permanently transform their nation Until now Stealth Invasion uncovers how various cities have become refugee hotspots and examines grassroots uprisings where citizens have challenged this secret cabal and won Armed with knowledge of the government s methods for dealing with local resettlement backlash Hohmann provides details on how concerned Americans can most effectively respond The great melting pot that once typified the success of America s immigration system no longer seems to be working The old shared values of God country family and freedom that used to hold the country together are breaking down In Stealth Invasion Leo Hohmann shows that the breakdown is no coincidence and it hasn t manifested overnight It s been brewing since the 1980s but is now reaching the point where it is about to metastasize and overtake us all unless it is stopped now
