Orville Nix The Missing Jfk Assassination Film:

The Missing JFK Assassination Film Gayle Nix Jackson, 2016-07-12 Orville Nix is not the typical JFK assassination book. This book does not attempt to answer the question of who killed John F Kennedy; instead, it addresses why we should question the actions of those involved and why the truth was withheld from the people. Though copies of Orville Nix's film exist, the original film is missing. Why? The FBI confiscated Orville's camera for several months, then returned it in pieces. Were these actions sinister, or were they just examples of governmental incompetence? Orville Nix exposes information about the House Select Committee staff's involvement in the missing film. Author Gayle Nix Jackson's interviews with people who were close to Orville and the film will shed light on the government's involvement with the filmmaker. Gayle Nix Jackson is the granddaughter of Orville Nix. As his eldest granddaughter, Nix Jackson shares experiences growing up with her beloved grandfather and on how his views changed after that fatal day. Hearing his story precipitated the quest. Jackson is still on to find the film. Her grandfather was there that day for a reason, and if the original Nix film could be located, modern-day technology could determine if there was indeed another person behind the stockade fence or not. Questions still abound today as to whether or not the film was altered. Finding the original Nix film would answer one of the most enduring questions related to this horrific event: Was there a conspiracy to kill John F Kennedy on November 22, 1963? Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history books about World War II, the Third Reich, Hitler, and his henchmen; the JFK assassination conspiracies; the American Civil War; the American Revolution; gladiators; Vikings; ancient Rome; medieval times; the old West; and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Orville Nix Gayle Nix Jackson, 2014-06-26 Orville Nix *The Missing JFK Assassination Film* is not the typical JFK Assassination book. This book does not attempt to answer who killed JFK, but why we should question the actions of the time and why the truth was withheld from the people. Written in a narrative style, the book shares the story of Orville Nix and how he was intimidated yet remained adamant to what he witnessed that horrific day. His camera, original film, that shows the grassy knoll in its entirety is missing. Why? What could it reveal? If you believe everything happens for a reason, there is a reason he was there with a camera on November 22, 1963. It is time to find the Nix film and find out why it is important.

Orville Nix Gayle Nix Jackson, 2014-06-26 Author Gayle Nix Jackson explores the mystery of the lesser-known home movie of the assassination made by her grandfather Orville Nix in her debut book *Orville Nix The Missing JFK Assassination Film*. The Nix camera, original film, is missing, and all that exists today are copies. This isn't your dry, encyclopedic JFK book. This book is very different. It begins with the story of the assassination, then takes the reader into the lives of Orville Nix, his family, his workplace, and then examines with an empathetic pen how the government, the media, and others exploited, took for granted, and ignored Orville Nix's testimony as to what he saw on

November 22 1963 Based on her research her adoration of her Dallas roots and love of her grandfather the book flows with a style that could best be described as the prosaic love child of Tom Clancy and Fannie Flagg with a bit of philosophy thrown in for good measure Nix Jackson accurately describes the times the political temperature and the places of Oak Cliff and Dallas Texas in a way only a native could She also questions the motivations of the city leaders at the time as well as the alphabet agencies of the government the Texas Oil movers and shakers and the media manipulation of this horrid event in our history Does she answer the unanswerable question as to who killed JFK No But she does offer an insightful and persuasive argument as to why it is necessary to find the missing Nix film The Complete Unraveling of the JFK Assassination Brian T. Kelleher,2014-12-19 The new evidence in this book is amazing and changes everything Applying the skills he has honed as a court consultant for the past two decades Author Brian Kelleher discovered that the government experts and their critics alike completely overlooked the most important evidence in the case the visual shot identifiers in the six motion pictures that were taken as the shots rang out With one startling revelation after another Kelleher presents irrefutable scientific photographic proof showing exactly when the shots were fired where they came from and which bullets hit whom He then shows how all the wound ballistics evidence and eyewitness testimony ties in Finally we now know what really happened and where to find the Lost Bullet **Hidden In Plain Sight** Timothy Allan Smith,2024-06-13 Hidden In Plain Sight is a work that is almost twenty five years in the making The goal was to construct a guide for the fifty two witnesses that testified publicly before the House Select Committee on Assassinations But it doesn't stop there Through analyzation of witness testimony at the original hearings and comparing statements given before and after HSCA testimony author Tim Smith has brought the evidence into the year 2022 Based on fact testimony and independent inquiry Hidden In Plain Sight is a refreshing take on the HSCA and the Kennedy Assassination When you have eliminated the impossible whatever is left however improbable has to be the truth Sherlock Holmes Despite the hundreds of books that have been written on the Kennedy Assassination it is the only one to address the HSCA public testimony This is important because at the time we had the Warren Commission testimony The Clark Panel The Garrison Trial The Church Committee etc so the HSCA was the current evaluation of the case at that time in 1978 The HSCA is the next wave of evidence to analyze the Kennedy assassination so this book kind of resurrects a lot of names and data from that time period but as I've said if that is all it does it becomes one of the many dinosaurs in this case But it isn't because the updating of that evidence often juxtaposed with the evidence in 1978 gives it a fresh and current approach that is much needed in this case People will learn a lot from the book and while the book is not overly dogmatic it respects the reader to draw their own conclusions Let the evidence take them where it will and if they do there is a payoff in the end that was there all along hidden in plain sight For the first time in print you can follow the evidence presented to the House Select Committee on Assassinations by the 52 witnesses that testified in their fields of expertise during public congressional hearings Chief Counsel professor G Robert Blakey t **Honest**

Answers about the Murder of President John F. Kennedy Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject **Kennedy(s)** Philippe

Wecht, M.D., J.D., Dawna Kaufmann, 2021-11-22 Since President John F Kennedy's 1963 murder in Dallas medical examiner and lawyer Dr Cyril Wecht was initially inclined to accept the official theory that one person alone was responsible for the crime But as Wecht delved into the evidence with boundless curiosity and unprecedented access he came to understand that America had instead suffered a coup d'état at the hands of rogue elements within our own government Nobody else has Wecht's up close and personal experience in uncovering the facts behind this assassination and now he is sharing it with the world Co-authored by investigative journalist Dawna Kaufmann this comprehensive book reveals Wecht's analyses of the case's forensic and medical evidence With his keen eye and sharp tongue Wecht wields his scalpel on JFK's dubious autopsy report the inept Warren Commission Report the mishandling of crucial materials all of the key players and the media malpractice that has allowed the truth to remain hidden for nearly six decades

JFK - The Conspiracy and Truth Behind the Assassination John Hughes-Wilson, 2013-11-04 Ever since President John F Kennedy was gunned down in Dallas fifty years ago various theories have swirled around what was a key event in American and world history JFK's death affected the Cold War Vietnam and the economic and social history of the United States Whatever the conclusions of the US official Warren Report that the President had been assassinated by a lone gunman Lee Harvey Oswald many people doubt that to be true Indeed President Nixon later admitted on tape that the report was a hoax committed on the American people John Hughes Wilson a former colonel in British Intelligence set out in 2007 to go through the millions of words and thousands of pieces of evidence to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963 The result is a dramatic exposure of what really happened and a clear indication that while some of the pieces of that jigsaw may be missing the truth is emerging While the US Federal Archive still keeps a million documents relating to the case under lock and key he has uncovered enough information available for us now to see the overall picture It is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States John Hughes Wilson highlights the facts behind The myth of Camelot Jack Kennedy's insatiable sex life Why Marilyn Monroe had to be silenced How the President was blackmailed by J Edgar Hoover LBJ's corrupt and murderous secrets How the Kennedys secretly planned a coup in Cuba How a
