Designing Motherhood Michelle Millar Fisher, Amber Winick, 2021-09-14. More than eighty designs, iconic, archaic, quotidian, and taboo that have defined the arc of human reproduction. While birth often brings great joy, making babies is a knotty enterprise. The designed objects that surround us when it comes to menstruation, birth control, conception, pregnancy, childbirth, and early motherhood vary as oddly, messily, and dramatically as the stereotypes suggest. This smart, image-rich, fashion-forward, and design-driven book explores more than eighty designs, iconic, conceptual, archaic, titillating, emotionally charged, or just plain strange that have defined the relationships between people and babies during the past century. Each object tells a story. In striking images and engaging text, *Designing Motherhood* unfolds the compelling design histories and real-world uses of the objects that shape our reproductive experiences. The authors investigate the baby carrier from the Snuggly to BabyBjörn and the re-discovery of the varied traditions of baby-wearing; the tie-waist skirt famously worn by a pregnant Lucille Ball on *I Love Lucy* and essential for camouflaging; and slowly normalizing a public pregnancy; the home pregnancy kit and its threat to the authority of male gynecologists; and more. Memorable images, including historical ads, found photos, and drawings, illustrate the crucial role design and material culture plays throughout the arc of human reproduction. The book features a prologue by Erica Chidi and a foreword by Alexandra Lange. Contributors: Luz Argueta, Vogel, Zara Arshad, Nefertiti Austin, Juliana Rowen, Barton Lindsey, Beal, Thomas, Beatie, Caitlin Beach, Maricela Becerra, Joan E. Biren, Megan Brandow-Faller, Khiara M.
