Lacey,2013-03-31 Over time the impression has grown that the 2003 invasion of Iraq met with little resistance and that with few exceptions the Iraqi army simply melted away As this book clearly shows nothing could be further from the truth In its drive to capture Baghdad the U S Army s 3rd Infantry Division was in nearly constant combat for twenty one days While Americans were watching Saddam s statue being torn down on TV a brigade of the 3rd ID was on the verge of being overrun by Iraqi Republican Guard units trying to escape north Told to hold two bridges in his sector a brigade commander had to blow up one of them because he did not have the combat power to hold it The company commander holding the other bridge was so hard pressed that he called on the artillery to fire their final protective fires a command made only when a unit is in mortal danger and one that had not been given since Vietnam Every one of the division s armored vehicles was hit by rockets some taking more than a dozen hits and the fighting was so fierce at times that entire battalions ran out of ammunition Nevertheless when the fighting was finally over the 3rd ID had destroyed two Iraqi Regular Army divisions and three divisions of the much vaunted Republican Guard Takedown tells the little known story of what happened to the 3rd ID during

its struggle to win Baghdad a campaign that some call one of the most vicious in American military history To offer this firsthand account Jim Lacey a former Time magazine reporter embedded with the 1st Brigade of the 101st Airborne Division draws on extensive interviews that he conducted with the American soldiers involved as well as access to personal papers and war memoirs This story is also enriched through his extensive use of interview transcripts of senior Iraqi army officers along with their personal written recollections From the Kuwaiti border to the streets of Baghdad these dramatic eyewitness descriptions of what went on give readers an accurate look at the brutal engagements in which the division fought for its life In making use of such a wealth of primary source material Lacey has succeeded in writing a fast paced narrative of the conflict backed up by verifiable facts that shows how modern wars are really fought *DK Eyewitness Travel Guide:*

Hero on the Western Front Michael Kelly, 2018-08-30 They knew it was the end Weakened by four years of war the reality had finally dawned on the Germans that their armies could never stop the combined might of the Allied forces now bolstered by the fresh enthusiastic Americans who were now determined to be involved in the conflict that had engulfed the world The US effort in 1918 in what became known as the Hundred Days Offensive was focused on the Argonne Forest It was there that 1 200 000 men were deployed in what was to be the largest offensive in the United States military history It was in the fighting in the Argonne Forest that one of the most remarkable incidents in the entire First World War took place In October 1918 Corporal Alvin Cullum York single handedly captured 132 Germans and killed twenty one in a desperate fire fight Yorks battalion of the 328th Infantry Regiment had become pinned down by heavy machine gun and artillery fire Its commander sent Sergeant Bernard Early four non commissioned officers including the recently promoted Corporal York and thirteen privates to infiltrate the German positions and neutralise the machine guns The small American force came upon a large group of enemy troops having breakfast and these were taken prisoner They then came under fire from German machine guns which left eight men were killed or wounded and York as the senior NCO York and the survivors returned fire and silenced the enemy allowing the Americans to rejoin their battalion with the 132 prisoners in tow York was promoted to Sergeant and he received the Congressional Medal of Honor The site of this famous action was believed to have been identified in 2009 and a memorial erected by the French authorities However a team of archaeologists with help from the

French Department of Archaeology and the use of modern day Geographic Information Science believe that the memorial is incorrectly situated and have uncovered thousands of exhibits to support their claim Complete with detailed plans and diagrams and a rich variety of photographs of locations and artefacts Michael Kelly presents not only a fascinating account of Yorks determined courage but also a detective story as the team unravels the evidence to reveal the exact ravine where the most famous US military action of the First World War took place White River National Forest (N.F.), Adam's Rib Recreation Area ,1982 **A Skin Test Survey for the Prevalence of Schistosomiasis in Puerto Rico** National Communicable Disease Center (U.S.),1966 *Jarbidge Resource Management Plan* ,2010 **The Cambridge Ancient History** ,1982
