
Addendum to the Instruction Manual: Altitude Cable Routing for the SkyQuest XT12 IntelliScope

#7880 IntelliScope Computerized Object Locator

The SkyQuest XT12 IntelliScope requires a different routing for the altitude cable than what is shown in Figure 5-5 on page 6 of the instruction manual. The preferred cable routing is shown in Figure 1 below. The altitude cable is secured to the base's front brace, not the top baseplate.

Use four of the supplied wire clips to secure the altitude cable to the base.

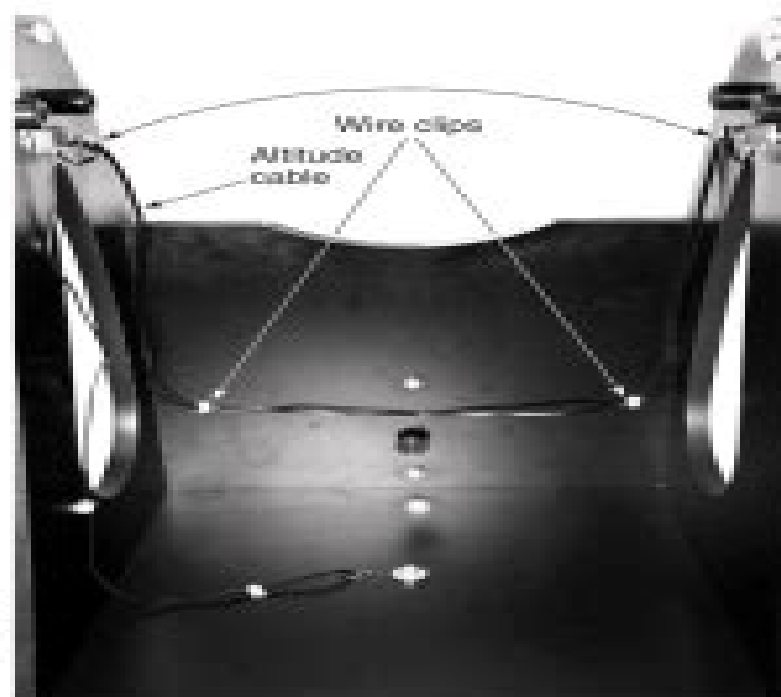

Figure 1: For the SkyQuest XT12 IntelliScope, the routing for the altitude cable should be as shown.
