Orpheus The Song Of Life:

Orpheus Ann Wroe, 2011-07-14 For at least two and a half millennia the figure of Orpheus has haunted humanity Half man half god musician magician theologian poet and lover his story never leaves us He may be myth but his lyre still sounds entrancing everything that hears it animals trees water stones and men In this extraordinary work Ann Wroe goes in search of Orpheus from the forests where he walked and the mountains where he worshipped to the artefacts texts and philosophies built up round him She traces the man and the power he represents through the myriad versions of a fantastical life his birth in Thrace his studies in Egypt his voyage with the Argonauts to fetch the Golden Fleece his love for Eurydice and journey to Hades and his terrible death We see him tantalising Cicero and Plato and breathing new music into Gluck and Monteverdi occupying the mind of Jung and the surreal dreams of Cocteau scandalising the Fathers of the early Church and filling Rilke with poems like a whirlwind He emerges as not simply another mythical figure but the force of creation itself singing the song of light out of darkness and life out of death

A Brief History of the Artist from God to Picasso Paul Barolsky, 2015-08-26 In *A Brief History of the Artist from God to Picasso* Paul Barolsky explores the ways in which fiction shapes history and history informs fiction It is a playful book about artistic obsession about art history as both tragedy and farce and about the heroic and the mock heroic The book demonstrates that the modern idea of the artist has deep roots in the image of the epic poet from Homer to Ovid to Dante Barolsky's major claim is that the history of the artist is inseparable from historical fiction about the artist and that fiction is essential to the reality of the artist's imagination
