Understanding Central Europe Marcin Moskalewicz, Wojciech Przybylski, 2017-11-20 Central Europe is a vague and ambiguous term more to do with outlook and a state of mind than with a firmly defined geographical region In the immediate aftermath of the collapse of the Iron Curtain Central Europeans considered themselves to be culturally part of the West which had been politically handicapped by the Eastern Soviet bloc More recently and with European Union membership Central Europeans are increasingly thinking of themselves as politically part of the West but culturally part of the East This book with contributions from a large number of scholars from the region explores the concept of Central Europe and a number of other political concepts from an openly Central European perspective It considers a wide range of issues including politics nationalism democracy and the impact of culture art and history Overall the book casts a great deal of light on the complex nature of Central Europe (Un)Following in Winnetou's Footsteps Sanja Runtić, Jana Marešová, Klára

Kolinská, 2024-01-03 This book examines the ways in which North American Indigenous identity has been re imagined represented and negotiated in German Croatian Italian Polish and Czech culture Employing a cross disciplinary and comparative approach and drawing on a range of media from literature comics and film to photography painting and the performative arts across different historical and cultural backgrounds it aims to both contribute innovative scholarship on Indigenous studies in Europe and open a new avenue in the field by focusing on Central European settings that have received little or no critical attention to date The book s novelty also comes from its focus on the latest developments in the field including the Ravensburger Winnetou controversy which swept across Europe in 2022 echoing the 2017 Canadian debate over Indigenous appropriation and free speech It seeks to provide a sound reference and lay the groundwork for future scholarship by opening up a conversation on how Indigenous identities have been portrayed in Central European literature and media texts To this end it not only addresses generalized expectations about North American Indigenous people underlying Central European public discourse and imagination but also questions whether and to what extent some of the ingrained stereotypical views and practices such as hobbyism have been challenged in the face of Indigenous resurgence rapidly changing media and information sharing realities and global cultural shifts The closing interview with M tis playwright actor and director Bruce Sinclair underscores one of the book s key goals to spark an informed cross cultural dialogue that will reveal the mechanisms of as well as the contradictions and tensions inherent in the politics of Indigenous representation in Central European cultural industries and encourage Central Europeans to confront their own cultural assumptions and attitudes **Journey to the South** Michal Ajvaz, 2023-05-02 In a small village on the southern coast of Crete the narrator meets a young man who tells him a history of his journey which took him from Prague as far as to the Libyan sea It is a voyage to uncover mysterious deaths of two brothers one was murdered during the ballet performance the body of the second one was found by Turkish fishermen at the Asia Minor shores On the move the amateur detective is
