Compendium of the Traditional Catechism of the Catholic Church Roniel Aledo, 2013-09 The Catechism of the Catholic Church is the sure norm for teaching the faith Apostolic Constitution Fidei Depositum Still the language and wording of both the Catechism and the Second Vatican Council is one full of poetic beauty and soft diplomacy This style of poetry and diplomacy is not the most appropriate for clarity In many places the language results hard to understand and multiple contradictory interpretations are possible due precisely to the language full of charity but not of clarity The purpose

of the Compendium of the Traditional Catechism of the Catholic Church is to provide absolute clarity about the Faith of All times and less room for open interpretations and ambiguity The world today in order to keep the Faith of All times needs more than poetic words It needs clear teachings with full power strength and clarity above no room for misinterpretations no wiggle room for heretical interpretations at all That is the purpose of this work high clarity above all With total clarity several subjects are covered the definition of schismatic the Limbo Freemasons heretic the so called marriage among homosexuals the doctrine of the Church regarding the liberal freemasonic Democracy the responsibility that Catholics must have when voting or taking action on the political field the so called New Atheists movement the Consecration of Russia according to Our Lady of Fatima the future of the world according to the City of God of St Agustin etc All of these subjects of today and many others are addressed in this work with extreme and total clarity Here there is no room for error and no room for misunderstanding This is the Traditional Catechism that is really needed in the Year of the Faith and in any year Living Faith Susan Crawford Sullivan, 2012-03-15 Scholars have made urban mothers living in poverty a focus of their research for decades These women s lives can be difficult as they go about searching for housing and decent jobs and struggling to care for their children while surviving on welfare or working at low wage service jobs and sometimes facing physical or mental health problems But until now little attention has been paid to an important force in these women s lives religion Based on in depth interviews with women and pastors Susan Crawford Sullivan presents poor mothers often overlooked views Recruited from a variety of social service programs most of the women do not attend religious services due to logistical challenges or because they feel stigmatized and unwanted at church Yet she discovers religious faith often plays a strong role in their lives as they contend with and try to make sense of the challenges they face Supportive religious congregations prove important for women who are involved she finds but understanding everyday religion entails exploring beyond formal religious organizations Offering a sophisticated analysis of how faith both motivates and at times constrains poor mothers actions Living Faith reveals the ways it serves as a lens through which many view and interpret their worlds *My Catholic Faith!* John Paul Thomas, My Catholic Life!, 2015-03-03 With Nihil Obstat Imprimatur Common to people of every time and place is a longing for the truth We want to know We want to know the purpose of our life why we are here on earth where we came from whether there is a God who this God is whether there is an afterlife and so much more These most basic and fundamental questions are hopefully in the forefront of our minds And if they are not it s never too late to start This book offers some of the answers to these questions It offers the answers found in our Creed At first the Creed can seem dry and unimpressive It can even seem confusing and overly academic But when properly understood the Creed holds the answer to the questions we so deeply seek So dig into the faith we have been given and let God s revelation change your life About this Series The My Catholic Life series is a three volume series written as a complete summary of our glorious Catholic faith The goal of these books is to answer the difficult and deep questions of life in a clear and understandable way We need to know

who we are and what life is all about And we need to know who God is and what He has spoke to us through the ages This volume Volume One My Catholic Faith is a summary of the Apostles and Nicene Creed This volume looks at everything from the creation of the world to God s eternal plan of salvation Other topics include Afterlife saints God faith and the Church It is a summary of the teaching of the Catechism of the Catholic Church 1 1065 Volume Two My Catholic Worship is a summary of the life of grace found in prayer and the Sacraments So often the Sacraments can be seen as dry and empty rituals But they are in reality the greatest treasures we have They are God s true presence among us It is a summary of the Catechism of the Catholic Church 1066 1684 and 2558 2865 Volume Three My Catholic Morals is a summary of the morality itself knowing how we choose right from wrong as well as a summary of all the moral teachings of our faith It is a summary of the Catechism of the Catholic Church 1691 2557 Nihil Obstat Imprimatur granted for three volume series **"In the Beginning . . ."** Eduardo J. Echeverria,2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope s theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II s thought He probes the philosophical foundations of the Pope s thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope s theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria s study of John Paul II s theology of the body helps us to make sense of how the pope s theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364
