To Die in Africa's Dust Las G. Newman, 2024-06-30 Christian mission in the modern era has generally been conceptualized as a Western endeavour from the West to the rest The rise and explosive growth of world Christianity has challenged this narrative emphasizing Christian mission as from everywhere to everywhere Dr Las Newman contributes to this revitalized perspective interrogating our understanding of modern missions history by drawing attention to the role of African West Indians in the spread of Christianity in sub Saharan Africa This comparative study of three nineteenth century missionary expeditions critiques common narratives around West Indian involvement in the missionary enterprise Dr Newman proposes that far from being misguided adventurers or nostalgic exiles African West Indians were

fuelled by a quest for emancipation that was birthed in the crucible of Caribbean slave society Acting as agents of the Western missionary enterprise they nevertheless shaped an understanding of Christian mission as a force for justice and freedom that carried with it personal religious and socio political implications Dr Newman argues that it was this conception embraced and championed by African West Indians that enabled the missionary project in Western Africa to survive flourish and ultimately take firm root in African soil This study questions historical interpretations of the Western missionary endeavour exploring the pivotal role of native agents in cross cultural Christian mission and allowing readers to hear from marginalized voices as they tell their own stories of engagement struggle and liberation *The Home Missionary*, 1855 No 3 of each volume contains the annual report and minutes of the annual meeting **Living Lord, Empowering Spirit, Testifying People** Mel Storm, 2014-12-31 This book is a commentary on the Acts of the Apostles for the nonspecialist based on lecture notes accumulated over many years of Professor Mel Storm's introductory course on Acts Originally written to supplement students reading of the story of the church in Acts *Living Lord Empowering Spirit Testifying People* provides readers with important historical information and theological insights The book opens with an introduction to Acts that gives special attention to the question of the authorship and date of the book as well as to the theological themes that shape the narrative Storm offers large sections of in depth commentary instead of verse by verse analysis and concludes each chapter with important vocabulary and insightful questions that can be used as a springboard for class discussion small writing assignments or personal reflection in both academic circles and church settings *Living Lord Empowering Spirit Testifying People* guides students to understand Acts as a theologically shaped narrative that conveys important themes for disciples of Jesus *Ecumenical Missionary Conference, New York, 1900: The story of the conference. The missionary idea. Survey of the field*, 1900 *Dust Off the Gold Medal* Sara L. Schwebel, Jocelyn Van Tuyl, 2021-08-23 The oldest and most prestigious children's literature award the Newbery Medal has since 1922 been granted annually by the American Library Association to the children's book it deems most distinguished Medal books enjoy an outsized influence on American children's literature figuring perennially on publishers lists on library and bookstore shelves and in school curricula As such they offer a compelling window into the history of US children's literature and publishing as well as into changing societal attitudes about which books are best for America's schoolchildren Yet literary scholars have disproportionately ignored the Medal winners in their research This volume provides a critically and historically grounded scholarly analysis of representative but understudied Newbery Medal books from the 1920s through the 2010s interrogating the disjunction between the books omnipresence and influence on the one hand and the critical silence surrounding them on the other *Dust Off the Gold Medal* makes a case for closing these scholarly gaps by revealing neglected texts insights into the politics of children's literature prizing and by demonstrating how neglected titles illuminate critical debates currently central to the field of children's literature In particular the essays shed light on the hidden elements of diversity apparent in the neglected Newbery canon

while illustrating how the books respond sometimes in quite subtle ways to contemporaneous concerns around race class gender disability nationalism and globalism Fortress Commentary on the Bible Margaret Aymer,Cynthia Briggs Kittredge,David A. Sánchez,2014-10-01 The Fortress Commentary on the New Testament presents a balanced synthesis of current scholarship The contributors bring a rich diversity of perspectives to the task of connecting solid historical critical analysis of Scripture with sensitivity to theological cultural and interpretive issues arising in our encounter with the text The volume includes introductory articles section introductions and individual book articles that explore key sense units through three lenses The Text in Its Ancient Context The Text in the Interpretive Tradition The Text in Contemporary Discussion Comprehensive and useful for preaching teaching and research The New American Bible Revised Edition, Large Print Edition Confraternity of Christian Doctrine,2011-03-09 First published in 1970 the New American Bible is familiar to millions of American Catholics as the translation proclaimed in the Mass and in their missals This revised edition brings to culmination the work of nearly 100 scholars including translators editors and a subcommittee of Catholic bishops who provided extensive review of the biblical text The first amendment to the New American Bible translation since 1991 the NABRE contains a revised translation of the Old Testament as well as a revision of the Psalter back cover
