Our Lady Of Guadalupe And The Conquest Of Darkness:

Our Lady of Guadalupe and the Conquest of Darkness Warren Hasty Carroll, 1983 Standard histories on the Age of Colonization tell a sad story of the ills inflicted on indigenous peoples by exploitative Western powers This book offers a realistic corrective The Spanish conquest of the New World is shown vividly in its fervor and exuberance but most importantly with its central evangelical and civilizing impulse that transformed the Americas from savagery into a central part of Christendom

Power of Popular Piety Ambrose Mong, 2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice exploitation and oppression Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices Over centuries representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges In fact much of popular religion still reflects the dominant ideology Popular piety has the potential for liberation against unjust social and economic structures When properly guided this practice can broaden and deepen political consciousness and mobilize people to act Without a strong level of political consciousness as well as liberative evangelization popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful This study argues that it will be the elites the well educated and committed Christians not the masses who would foster the transformation of society

Seven Lies about Catholic History Diane Moczar, 2010-09 The world hates the Church that Jesus founded just as He said it would John 15 18 It reviles her doctrines mocks her moral teachings and invents lies about her history In every age but especially in our modern day historians and political powers have distorted the facts about her past or just made up novel falsehoods from scratch to make the Church and the civilization it fostered seem corrupt backward or simply evil In *Seven Lies about Catholic History* Diane Moczar Islam at the Gates tackles the most infamous and prevalent historical myths about the Church popular legends that you encounter everywhere from textbooks to T V and reveals the real truth about them She explains how they got started and why they re still around and best of all she gives you the facts and the arguments you need to set the record straight about The Inquisition how it was not a bloodthirsty institution but a merciful and necessary one Galileo s trial why moderns invented a myth around it to make science appear incompatible with the Catholic faith it s not The Reformation why the 16th century Church was not totally corrupt as even some Catholics wrongly believe and how the reformers made things worse for everybody and other lies that the world uses to attack and discredit the Faith Written in a brisk style that s fun and easy to read *Seven Lies about Catholic History* provides the lessons that every Catholic needs in order to defend and explain not just apologize for the Church s rich and complex history

Marian Apparitions, the Bible, and the Modern World Donal Anthony Foley, 2002 This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments the Reformation the French and Russian Revolutions the rise of Nazism These Marian apparitions and particularly Fatima are not historically unimportant events but rather follow a

preordained plan they have a crucial role in helping us to see how the modern world with all its problems has developed Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible a crucial element in the theology and exegesis of the early Church Fathers By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance for both the Church and the modern world than has generally been recognised Here is a convincing demonstration that the future of the Church and the papacy is intimately bound up with a proper understanding of the role of Mary there will only be true peace in the world when her message is accepted and lived If you thought you really understood how the modern world developed and the role and meaning of Marian apparitions then this book will make you think again Donal Foley has written a book with an extraordinary message Aidan Nichols O P *Acheiropoeta: Not Made by Hands* Thomas Mary Sennott,2011-01-01 An excellent resource book and the only one of its kind covering the two most controversial images in existence the Holy Image of Our Lady of Guadalupe on the tilma of Juan Diego and the Sacred Image of the crucified Christ on the Shroud of Turin Both presentations give ample scientific evidence of their authenticity The author with a physical science background has brought the reader up to date on the latest Shroud findings At the same time he exposes the fraudulent carbon 14 tests

Magistrates of the Sacred William B. Taylor,1996 This book is an extraordinarily rich account of the social political cultural and religious relationships between parish priests and their parishioners in colonial Mexico It thus explores a wide range of issues from competing interpretations of religious dogma and beliefs to questions of practical ethics and daily behavior to the texture of social and authority relations in rural communities to how all these things changed over time and over place and in relation to reforms instigated by the state The Devil's Best Trick Randall Sullivan,2024-10-03 How we explain the evils of the world and the darkest parts of ourselves has preoccupied humans throughout history In *The Devil's Best Trick* Randall Sullivan investigates historical religious and cultural conceptions of evil from Biblical times to European witch hunts to the devil worshipping Black Mass ceremony He travels to Mexico to participate in the Hour of the Witches an annual ceremony in which hundreds of people congregate in the jungle south of Vera Cruz to negotiate terms with El Diablo He takes us through the most famous exorcism in American history And he delivers original reporting on the shocking story of a small town in Texas that in 1988 unravelled into paranoia and panic after a seventeen year old boy was found hanging from a tree and rumours about Satanic worship and cults flourished Nimble and expertly researched *The Devil's Best Trick* brilliantly melds cultural and historical commentary with a suspenseful true crime narrative Randall Sullivan whose reportage and narrative skill has been called extraordinary and enthralling by Rolling Stone takes on a bold task in this book that is both biography of the Devil and a look at how evil manifests in the world The Greatest Philosopher Who Ever Lived Peter Kreeft,2021-10-14 In 2019 Peter Kreeft published *Socrates Children* a four volume series on the hundred greatest philosophers of all time spanning from ancient Greece to contemporary Germany But he made a terrible mistake he somehow

left out women and with this he overlooked the greatest mind of them all He forgot her a mysterious housewife from a desert village because he had forgotten what philosophy means Philosophy is not the cultivation of cleverness Kreeft explains or the sophistications of scholarship or the analysis of analysis or the refutation of refutations or the deconstruction of deconstructions No philosophy is a romance a love affair the love of wisdom This book is a one of a kind study on Mary of Nazareth the mother of Jesus If Jesus Christ is wisdom incarnate and if Mary loved Him more than anyone else ever did then it holds that Mary is the greatest philosopher the greatest wisdom lover With precision and humor Kreeft not only unpacks the thought and spirit of Mary as we know her through Scripture and Church doctrine but offers a heartfelt crash course in the basics of philosophy methodology epistemology logic metaphysics cosmology ethics politics aesthetics and more all through the lens of the Mother of God Fans of Kreeft will find here another fine example of his characteristic freshness creativity depth and readability But above all those who are curious about the mother of Jesus whether they are new to Christian faith or simply hoping to discover it anew will likely find themselves swept up in the tide of Mary's wise love for God

Angels and Demons Peter Kreeft, 2009-09-03 In response to actual questions many people have asked him about angels and demons well known author and philosophy professor Peter Kreeft separates fact from fantasy and myth from reality as he answers 100 common questions about these spiritual beings Based on a very popular college course he teaches on this subject this book responds to the incredible amount of interest in angelic beings and attempts to clear up some of the misinformation abounding in the numerous books today on what we know about these mysterious spirits Drawing on the Bible traditional Church teaching and St Thomas Aquinas Kreeft gives straight clear answers to the perennial and philosophical questions asked about angels and demons throughout time In his typical lucid profound and sometimes humorous style Kreeft answers such questions as What are angels made of How do angels communicate with God How do angels communicate with us Do demons or devils or evil spirits really exist and many more Includes angel art

Beyond the Comfort Zone Frank Wilkins, 2015-02-14 Questions We all have them rattling around in the back of our minds How did the country get to be like this We have a government that's repeatedly paralyzed by a Congress and president constantly at odds We have a monster bureaucracy churning out an avalanche of new medical regulations We have a shooting war that's been going on since 9 11 a war in which our terrorist enemies have struck at nations around the globe and might eventually acquire nuclear weapons And then there's the other war In nearly every state battles are being fought over issues which are central to the very fabric of life Our society's basic building blocks marriage family the concept of morality itself have been turned into political footballs This is a kind of war which has no end More questions How can all this be happening We thought that two World Wars and a four decade Cold War had settled everything What is it that's turning this world into a lunatic asylum Is there any way to make sense out of it all This book isn't about questions The symbol on the front cover says just the opposite It's about answers And that includes answers to the biggest question of all This book is about the war that

never ends
