Electrical Machines & Power Systems (Problems With Solutions) C S Indulkar, 2012 This book contains problems in Electrical Machines Power Systems Problems with Solutions I have used these and other problems in the class room for many years In most of the solutions I have deliberately avoided giving theoretical explanations because an average student should know the theory well before attempting to solve any problem However in each chapter I have provided a brief introduction related to the chapter so that students are made aware of the contents of the chapter before reading the problems and their solutions The introduction

related to each chapter contains Objective type Questions and their answers The introductions contains brief notes on the topics of the chapters and also include Indian Standards for testing and maintenance of substation equipments transformer overhead lines underground cables and materials

The Positive Power Of Negative Thinking Julie Norem,2008-08-05
How often are we urged to look on the bright side From Norman Vincent Peale to the ubiquitous smiley face optimism has become an essential part of American society In this long overdue book psychologist Julie Norem offers convincing evidence that for many people positive thinking is an ineffective strategy and often an obstacle for successfully coping with the anxieties and pressures of modern life Drawing on her own research and many vivid case histories Norem provides evidence of the powerful benefits of defensive pessimism which has helped millions to manage anxiety and perform their best work
