The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene

Claiming the Virgin Robin Nagle, 2014-04-04 In rich ethnographic detail Robin Nagle chronicles the life of a poor Brazilian community in its relationship to the Catholic church and to the larger politics of Brazil Centered in Recife on the northeast coast Nagle's work investigates how liberation theology attracted followers and demonstrates why the movement never took hold as predicted

Ancient Religions, Modern Politics Michael A. Cook, 2016-12-06 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today's social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world

today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world s leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today The Complete New Fat Flush Program Ann Louise Gittleman,2017-06-16 Achieve your health and wellness goals with the bestselling newly updated diet and fitness program Introduced more than 25 years ago The Fat Flush Plan revolutionized the way we think about dieting nutrition and fitness Millions of people have embraced the groundbreaking program to achieve peak health and wellness In keeping with the latest research and emerging food trends bestselling author Ann Gittleman has updated her popular successful program The Complete New Fat New Flush Program Second Edition brings you updated content new evidence based detox and diet strategies information on lifestyle medicine emerging trends refreshed shopping lists and more This three book bundle includes The New Fat Flush Plan as well as The New Fat Flush Plan Cookbook and The New Fat Flush Journal and Shopping Guide two companion books reflecting the newly revised program protocols You ll find essential advice on choosing the best foods for your specific dietary needs tips and advice on weight loss information on the metabolic impact of foods liver cleansing overall health and much more The Complete New Fat New Flush Program Second Edition includes The New Fat Flush Plan an essential resource that focuses on lifestyle medicine and provides important information on friendly fats microbiome matters hormonal fluctuations gluten and grain avoidance nutrient deficiencies the healing power of sleep thyroid and adrenal burnout dry brushing and detox baths and liver support The New Fat Flush Plan Cookbook Packed with over 200 family friendly recipes this updated edition is based on deliciously simple meals with wholesome ingredients flavored with unique fat burning and cleansing herbs and spices The New Fat Flush Journal and Shopping Guide Includes refreshed shopping lists featuring brand names and added gratitude lists that reflect the key nutritional themes which have shifted the way we think about health **Gut and Physiology Syndrome** Natasha Campbell-Mcbride, MD,2020-12-05 Dr Natasha has done it again Gut and Physiology Syndrome takes an in depth look at the underlying causes of today s health crisis environmental and dietary poisons and then provides a comprehensive plan for detoxification and nourishment to achieve the good health and clear mind that is the birth right of every adult and every child Sally Fallon Morell President of The Weston A Price Foundation Companion volume to the bestselling Gut Psychology Syndrome the book that launched the GAPS diet which has been translated into 22 languages and sold more than 300 000 copies Since the publication of the first GAPS book Gut and Psychology Syndrome in 2004 the GAPS concept has become a global phenomenon People all over the world have been using the GAPS Nutritional Protocol for healing from physical and mental illnesses The first GAPS book focused on learning disabilities and mental illness This new book Gut and Physiology Syndrome focuses on the rest of the human body and completes the GAPS concept Allergies autoimmune illness digestive
