

A person is standing in the center of a vast, flat, open landscape, possibly a salt flat or a dry lake bed. The person is wearing a dark jacket and pants. The ground is a mix of light and dark patches, suggesting different textures or compositions. In the background, there are some low, dark hills or mountains under a cloudy sky. The overall mood is one of solitude and vastness.

Noroeste Héctor Oliva, 2013 La narrativa del noroeste argentino Alicia Poderti, 2000 Noroeste argentino Laura Isabel Cortazar de Seghezze, 2002 *El mundo de la infancia y otros temas alusivos en la narrativa realista y fantástica de Ana María Matute* Xiaojie CAI, 2012-07-01

Childhood is a fundamental theme in the works of Ana Maria Matute and also one of the key issues for the study of the aesthetic narrative of the writer This thesis presents an analysis of the image of childhood in the works of Matute written for adults observed in two distinct literary contexts that of the realistic novels and of the fantastic works This division also corresponds though not mathematically to the two creative periods of the writer so that the continuity and evolution of both the theme and the aesthetic techniques throughout the author s entire literary career can be observed The analysis which concerns the realistic works of Matute contains three chapters firstly approaches to the child antihero which includes subtopics such as the Cain theme the infantile cruelty and the death in the childhood secondly an analysis of the aesthetic techniques that contribute to the subjective descriptions of the identity of child thirdly an observation of the relationship between the Matutian Child and the external world In the part entitled Childhood in the fantastic works of Ana Maria Matute we have used as corpus fantastic works of the second period of Ana Mar a Matute and showed how the world of children is adapted to a new fantastic and medieval environment The analysis also includes three sections a discussion of the continuation renewal of the topic mentioned above the analysis of some secondary fantastic characters related to the theme of childhood finally a systematic study of the symbolic objects in the works of Ana Mar a Matute

Rapsodia valleinclaniana: escritura narrativa y escritura teatral Lavaud, Jean-Marie, Lavaud-Fage, Éliane, 2017-06-22

Selección de trabajos de dos valleinclanistas franceses de reconocido prestigio Incluye estudios sobre las Comedias bárbaras los Esperpentos o las Sonatas sin olvidar ni los cuentos muchísimo más modernos de lo que se podrá pensar ni Tirano Banderas o El ruedo ibérico Después de examinar sus primeros años de producción literaria varios capítulos analizan el proceso de creación de un Valle Inclán hombre de teatro o narrador en

busca de la perfección formal en las sucesivas ediciones de sus obras También se estudia la estética valleinclaniana “La Madre Ausente En La Novela Femenina De La Posguerra Española: Pérdida Y Liberación”. Guadalupe María Cabedo, 2014-03-07 La literatura española de posguerra ya se ha analizado mucho y afortunadamente bastantes de las previamente olvidadas escritoras de posguerra se han ido recuperando y estudiando Sin embargo todavía queda mucho por desarrollar Hoy día en España es vital recuperar la labor de la memoria colectiva para poder ver y entender mejor el pasado pues no se puede construir un futuro sin haber reconstruido y entendido ese pasado Este libro es un análisis de tres novelas de la posguerra escritas por mujeres Nada de Carmen Laforet Entre visillos de Carmen Martín Gaité y Primera memoria de Ana Mara Matute Estas escritoras a las que la crítica ha incluido dentro de la denominada Generación de Posguerra conforman una suerte de grupo literario ya que comparten sus obras una serie de características comunes Dichos rasgos vienen dados por una temática centrada en las preocupaciones problemas e inquietudes de las mujeres de su generación Este libro analiza temas comunes de estas tres obras la ausencia de la madre soledad y aislamiento galaxia femenina y por último identidad e independencia No es mi intención mostrar una teoría feminista que defienda la existencia de una escritura o estética femenina basada en el hecho biológico de ser mujer Creo que existe lo denominado literatura de mujeres pero las coordenadas que las definen vienen dadas por el hecho de ser mujer como constructo social y no biológico Algunos acercamientos teóricos sobre los efectos de la ausencia de la madre como los estudios de Carol Gilligan Marianne Hirsch y Nancy Chodorow entre otros nos ayudan a tener una mejor comprensión de lo que estas teorías feministas y psicoanalíticas han aportado a las obras literarias a través de la historia y especialmente a la narrativa femenina de estas autoras de la posguerra investigadas aquí Mi objetivo principal ha sido retratar la rebeldía de las protagonistas femeninas de estas tres novelas contra la madre sustituta que tienen dada la idealización que se tiene de la madre en España en esta época y a causa del inconformismo que sentían estas escritoras y muchísimas más mujeres de la posguerra española ante el gobierno patriarcal y androcéntrico del franquismo Estudios de lengua y cultura amerindias II Daniel Jorques Jiménez, 1998
