Huang, 2002-03-28 Examines both actual and potential developments in North East Asian regionalism from various levels and fields of analysis considering cooperative and integrative structures and processes Particular reference is made to the contemporary experience of Europe which provides important models of cooperation and integration in both the government and

Political Economy of Northeast Asian Regionalism Jehoon Park, 2008-01-01 Functional integration in the economy has developed sufficiently in Northeast Asia This study proposes a Northeast Asian version of the regional integration model It suggests a crisis model and a political leadership model with political leadership playing a critical role in utilizing crises to advance regional integration

East Asian Regionalism Christopher M. Dent, 2016-06-02 East Asia is one of the world's most dynamic and diverse regions and is also becoming an increasingly coherent region through the interplay of various integrative economic political and socio cultural processes Fully updated and revised throughout this new edition explores the various ways in which East Asian regionalism continues to deepen The second edition has been expanded to incorporate coverage of significant issues that have emerged in recent years including Growing tensions in the region over maritime territory and historical issues Competing regional free trade agreement negotiations The impact of the global financial crisis on financial cooperation and engagement with global governance Obama's pivot to Asia and developments in US relations with East Asia The influence of new technology and social media on micro level regional relations The growing importance of new diplomacy issues such as energy security climate change food security and international migration Key pedagogical features include end of chapter study questions case studies that discuss topical issues with study questions also provided useful tables and figures which illustrate key regional trends in East Asia Extensive summary conclusions covering the chapter's main findings from different international political economy perspectives East Asian Regionalism is an essential text for courses on East Asian regionalism Asian politics and Asian economics

Securitization of Human Rights Mikyoung Kim, 2012-02-24 This important book focuses on North Korean refugee human rights issues a topic largely ignored in favor of addressing North Korea's domestic politics and deterrence of Pyongyang's nuclear threat The first book of its kind

Securitization of Human Rights North Korean Refugees in East Asia examines the complex problem of what to do with North Korea specifically regarding human rights issues and treatment of North Korean refugees The book spotlights four key countries China Japan South Korea and the United States with regard to their policy stance towards North Korean human rights issues analyzing the dynamic tension between realpolitik and moral principle by looking at the regional governments' responses Rather than focusing only on politics and foreign policy this book is about the people involved describing the plight

of North Korean refugees the perspective of South Korean citizens and the quandary facing power elites in the regional governments

Towards a European Constitution Michael Gehler, 2005 This volume represents a historical comparison of the American and the EU European constitutional experiences and lessons to be derived therefrom for the present time It is designed to deepen the understanding of the historical and political dimensions of constitutional designs and practises on two continents Hopefully such historical depth charts will expand the horizon of debates among experts and decision makers The first part concentrates on the historical dimension It deals with the experiences and perceptions of basic American political principles developments of international and humanitarian law and the historical dimension of constitutional debates The second part of the book aims at culling potential lessons from the American constitutional experience and the remarkable longevity of the U S constitution Additional chapters concentrate on specific aspects and elements of the European constitutional debate courts of law human rights minority protections as well as gender equality Still other contributions focus on the historical context of the recent European Constitutional Convention Chapters on writing a European bill of rights the EU reform debates of the 1990s and finally an analysis of the Brussels Constitutional Summit of June 2004 are also included The spillover effects of the economic and monetary union on the constitutional debates are covered here as well as Asian perceptions of European integration Practitioners and scholars address in this volume historical political and diplomatic dimensions and achievements in the process of European constitution making and its chances of success in the future Finally the current tensions in the Atlantic world are analysed and what they may portend for the future of European Union security options

Energy, Trade and Finance in Asia Tai Wei Lim, 2015-10-06 This study offers a vital reappraisal of the trade relationship between north east Asia and the Gulf Writing from a non western standpoint Dargin and Lim make a compelling case for how these regions became economically integrated in the wake of the 1973 oil crisis

Handbook of Research on Asian Business Henry Wai-Chung Yeung, 2007 This volume is excellent Students who are interested in Asian business should read it and will find the comprehensive bibliography offered by the different contributors very helpful In light of the recent global financial crises it is time to re examine the Asian miracles as well as the Western models of business organizations and regulations This volume offers great insights not just on Asian business but also on Western economies and business It is also time to adopt an integrative approach recommended by Yeung through comparative research of businesses and economies in different institutions and cultures Yifei Sun Economic Geography An absolute must have for college library reference shelves filled cover to cover with keen analyses that any businessperson seeking to make inroads in an Asian market needs to study at length Midwest Book Review This book serves as an important guide to the many fascinating research questions about Asian business waiting to be addressed The study of Asian business has reached equality in importance to the study of business in Europe and North America Researchers who study any of these regions have an incentive to follow the study of business in the other regions if for no other reason than

that many global firms from each region operate in all regions now Nonetheless the more important reason for knowledge transfer among researchers of each region is that these exchanges can only advance everyone's research Henry Yeung and the contributors are to be thanked for setting out a rich agenda for research on Asian business that will elevate this study to equality with research elsewhere in the world Eurasian Geography and Economics This book is extremely comprehensive and well researched It will be of particular interest to scholars in the fields of international business development studies economic geography regional studies as well as international and national policymakers Science Technology Society The rise of Asia as an important region for global business has been widely recognized as one of the most significant economic phenomena in the new millennium This accessible and comprehensive Handbook brings together state of the art reviews of Asian business in an expansive range of areas including business organizations strategic management marketing state business relations business and development business policy issues It is argued that whilst academic studies on Asian business have been in existence for over two decades there is relatively little systematic integration of our knowledge and research on Asian business The contributors drawn from a variety of disciplines within the social sciences aim to redress the balance with their lively cutting edge discussion Serving as a timely overview of more than two decades of scholarly research this Handbook will be an essential resource for academics students and researchers interested in Asian business

The Survival of North Korea Suk Hi Kim,,Terence Roehrig,Bernhard Seliger,2011-08-24 Since the end of the Cold War scholars and analysts have been predicting the collapse of the communist regime in North Korea Yet despite a deteriorating economy characterized by declining industrial output outdated technology and difficulty feeding its people the country has been able to persist and continues to plod along How has North Korea been able to survive and how long can it last without significant change to its economic and political structures How can we peacefully resolve the North Korean nuclear standoff through constructive dialogue This book examines North Korea's survival strategy and offers practical solutions to a 50 year nuclear standoff through a series of essays written by 15 of the world's foremost scholars and leading experts on strategy economics and international relations It is essential reading for anyone interested in peace in Northeast Asia and will be invaluable in helping policy makers diplomats politicians researchers and other North Korea watchers to understand three closely related issues about North Korea 1 why North Korea will continue to survive 2 how the United States and North Korea can build a mutual confidence and 3 why a dialogue is the only viable way to resolve the North Korea problem peacefully

China and Africa Development Relations Christopher M. Dent,2010-09-13 Provides an overview of how the China Africa relationship has evolved over the years and examines whether it presents a different paradigm of development relations in the international system This book investigates what is particularly special about the development partnership between Africa and China
