Northumbria The Lost Kingdom:

Northumbria: The Lost Kingdom Paul Gething, Edoardo Albert, 2012-10-01 Northumbria was one of the great kingdoms of Britain in the Dark Ages enduring longer than the Roman Empire Yet it has been all but forgotten This book puts Northumbria back in its rightful place at the heart of British history From the impregnable fastness of Bamburgh Castle the kings of Northumbria ruled a vast area and held sway as High Kings of Britain From the tidal island of Lindisfarne extraordinary saints and learned scholars brought Christianity and civilization to the rest of the country Now thanks to the ongoing work of a dedicated team of archaeologists this story is slowly being brought to light The excavations at Bamburgh Castle have revealed a society of unsuspected sophistication and elegance capable of creating swords and jewellery unparalleled before or since and works of art and devotion that still fill the beholder with wonder Northumbria's Bloody History Martin Dufferwiel, 2025-11-06 From the Tees to the Tweed from Barnard Castle to Berwick and from Hartlepool to Haltwhistle the North East of England holds a long history and unique heritage Many have fought and spilled blood on our soil Roman legions Dark Age war lords Viking raiders Norman invaders reivers and rebels three centuries of cross border conflict with Scotland changed the course of not just regional but national history Historical figures such as Ida the Flamebearer Aethelfrith the Destroyer William Wallace and Harry Hotspur all feature but the sound and fury of arms and armour has largely drowned out the voices of ordinary people and individuals whose names have been lost to history To this end Northumbria's Bloody History also includes accounts of random acts of everyday violence the ravages of the Black Death and the cruelties of religious persecution in the land which once formed the heart of ancient Northumbria Castles and Strongholds of Northumberland Brian Long, 2024-08-01 Much more than an excellent gazetteer this detailed study of the county's castles monuments and towers shows who was responsible for the defence of the Anglo Scottish border whilst Henry V was at Agincourt Subsequent surveys show how in 1584 Christopher Dacre forwarded a bold project that linked a string of towers forming a defence against marauding Scots suggesting new towers to stop gaps with a dyke or defence joining them like a latter day Hadrian's Wall Beyond this line were the many Peles or Bastles home to the headsmen of the notorious reiving families who were cursed in 1525 by bishops of Durham and Glasgow as punishment for their brutal way of life giving rise to much legend and romance Meanwhile polite society occupied the large castles nestled amongst the coastal area still standing today for all to see This history and gazetteer with over 500 entries and plentiful illustrations and plans will enhance your understanding of the history of the borders and their proud turbulent past Oswald: Return of the King Edoardo Albert, 2015-05-15 Spirited and enjoyable Nicholas Higham Oswald had found peace But now he must fight for the throne Northumbria lies undefended Cadwallon and Penda the kings of Gwynedd and Mercia ravage the land Oswald has a rightful claim to the throne but he is sick of bloodshed and in his heart he longs to lay down his sword and join the monks of Iona However the abbot of Iona does not need another monk the abbot wants a warrior king to spread the new faith He must

reignite Oswald's hunger for glory and renown for gold and power and the homage of men But if he does will it destroy Oswald

Warrior Edoardo Albert, Paul Gething, 2019-09-19 Warrior tells the story of forgotten man a man whose bones were found in an Anglo Saxon graveyard at Bamburgh castle in Northumberland It is the story of a violent time when Britain was defining itself in waves of religious fervour scattered tribal expansion and terrible bloodshed it is the story of the fighting class men apart defined in life and death by their experiences on the killing field it is an intricate and riveting narrative of survival and adaptation set in the stunning political and physical landscapes of medieval England Warrior is a classic of British history a landmark of popular archaeology and a must read for anyone interested in the story of where we've come from
