Not Quite Supreme Not Quite Supreme:

The Rule of Law in America Ronald A. Cass, 2001 Drawing upon extensive experience in law government service teaching and research Ronald Cass offers a contribution to the ongoing public discussion on law and society After opening his discussion with chapters on the rule of law in American society Cass turns to the hard case of its application to the president of the United States Through this prism Cass examines the behavior of judges who may not always act according to a perfect model This book provides a corrective to criticism of the American legal system raised all too frequently by some members of the academy Rather than concentrating on relatively minor inconsistencies in the law and slight departures from the ideal of perfectly constrained decision making Cass argues that the energies of his fellow scholars could be better spent on more serious defects in the legal system With a special section on the 2000 presidential election including the Florida recount and Supreme Court decision The rule of law in America offers a look at a subject of interest to legal scholars and general readers alike *Congressional Record* United States. Congress, 1998 **Hearings** United States. Congress Senate, 1968 Circuit Realignment United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Improvements in Judicial Machinery, 1974 *Circuit Realignment: March 18, 19; May 20 and 21, 1975* United States. Congress. Senate. Committee on the Judiciary.
