Northwestern Ontario is a little known region that has been central to Canada s prosperity For many Canadians the majestic landscape north of Lake Superior conjures up images of tourism bears and canoes For others it conjures up the phrase hewers of wood and drawers of water For almost everyone but its inhabitants it represents a mythical notion of Canada that never truly existed in the past and certainly does not exist today In North of Superior Michel Beaulieu and Chris Southcott explore the region s colourful history from the period before European contact through to the present Along the way they tell the stories of the native peoples who first lived there the traders and adventurers who shaped the region through the Hudson s Bay Company and the North West Company the politicians and workers who pushed through the CPR the lumberjacks and miners who profited during the region s golden age and the vibrant and diverse communities who make their home there today Northwestern Ontario has always symbolized wealth and adventure for Canadians This fascinating popular history will interest anyone who wants to know more about a region that occupies an iconic place in Canada s past *The Belfast*
