

The book cover features a dramatic illustration of a small boat with two figures inside, navigating a massive, dark, and cavernous tunnel. The tunnel's interior is lined with a complex network of wooden beams and scaffolding, creating a sense of depth and scale. A bright, golden light emanates from the far end of the tunnel, illuminating the boat and the surrounding structure. The overall atmosphere is mysterious and foreboding, reflecting the themes of the novel.

Joseph Conrad Hugh Walpole, 2022-09-05 In the elucidative probing of Joseph Conrad Hugh Walpole offers readers a discerning examination of one of literature's most enigmatic and influential figures Published by DigiCat Publishing this special edition revitalizes Walpole's original insights intertwining literary critique with an anecdotal fabric that enlivens Conrad's oeuvre The book not only contextualizes Conrad within the canopy of modernist sensibilities but also delves into the subtleties of his narrative technique symbolist undertones and the brooding existential themes that weave through his classic

works all while showcasing Walpole's own distinctive empathetically biographical literary voice and erudite understanding of Conrad's impact on the literary canon. Hugh Walpole, an authority in his own right within the tapestry of early 20th-century English literature, was contemporaneous with Joseph Conrad, lending his commentary an air of intimate authority. Walpole's own experiences and literary achievements, including his proficiency in Gothic and psychological novels, undoubtedly sharpen his perceptiveness regarding Conrad's psychological depths and stylistic innovations, serving as a guiding light as he dissects Conrad's literary legacy and helps readers appreciate the complexities hidden within. The reissuance of Joseph Conrad by Hugh Walpole in DigiCat's carefully curated collection is recommended for both scholars and enthusiasts of literary history. This book promises to enrich one's understanding of Conrad's profound storytelling and the indelible mark he left on 20th-century literature. It is as much an ode to Conrad's genius as it is a testament to Walpole's keen ability to navigate and critique the intricate landscapes of literary greats. This special edition is a must-read for those who seek not just to read Conrad but to truly interpret and reckon with the richness of his profound narrative worlds.

Modes of Composition and the Durability of Style in Literature David Hoover, 2020-11-29. *Modes of Composition and the Durability of Style* employs the tools and methods of computational stylistics to show that style is extremely resistant to changes in how texts are produced. Addressing an array of canonical writers, including William Faulkner, Joseph Conrad, Thomas Hardy, and Henry James, along with popular contemporary writers like Stephen King and Ian McEwan, this volume presents a systematic study of changes in mode of composition and writing technologies. Computational analysis of texts produced in multiple circumstances of composition, such as dictation, handwriting, typewriting, word processing, and translation, reveals the extraordinary durability of authorial style. *Modes of Composition and the Durability of Style in Literature* will be essential for readers interested in exploring the rapidly expanding field of digital approaches to literature.

Metaphors of Confinement Monika Fludernik, 2019-08-13. *Metaphors of Confinement: The Prison in Fact, Fiction, and Fantasy* offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present, as well as non-penal situations described as confining or restrictive. These imaginings coalesce into a carceral imaginary that determines the way we think about prisons, just as social debates about punishment and criminals feed into the way the carceral imaginary develops over time.

Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods
