The Epistles of St. Paul. pt. 2. The Epistle to the Hebrews, the Catholic Epistles, and the Revelation* ,1875 **The Congressional Globe** United States. Congress,1847 **Beyond Slavery** Frederick Cooper, Thomas Cleveland Holt, Rebecca J. Scott, 2014-06-30 In this collaborative work three leading historians explore one of the most significant areas of inquiry in modern historiography the transition from slavery to freedom and what this transition meant for former slaves former slaveowners and the societies in which they lived Their contributions take us beyond the

familiar portrait of emancipation as the end of an evil system to consider the questions and the struggles that emerged in freedom's wake Thomas Holt focuses on emancipation in Jamaica and the contested meaning of citizenship in defining and redefining the concept of freedom Rebecca Scott investigates the complex struggles and cross racial alliances that evolved in southern Louisiana and Cuba after the end of slavery and Frederick Cooper examines the intersection of emancipation and imperialism in French West Africa In their introduction the authors address issues of citizenship labor and race in the post emancipation period and they point the way toward a fuller understanding of the meanings of freedom

Stolen Childhood Wilma King, 2020-03-04 An updated edition of the classic study that took an enormous step toward filling some of the voids in the literature of slavery The Washington Post Book World One of the most important books published on slave society *Stolen Childhood* focuses on the millions of children and youth enslaved in 19th century America This enlarged and revised edition reflects the abundance of new scholarship on slavery that has emerged Wilma King has expanded its scope to include the international dimension with a new chapter on the transatlantic trade in African children and the book's geographic boundaries now embrace slave born children in the North She includes data about children owned by Native Americans and African Americans and presents new information about children's knowledge of and participation in the abolitionist movement and the interactions between enslaved and free children A jarring snapshot of children living in bondage This compellingly written work is a testament to the strength and resilience of the children and their parents Booklist on the first edition

Spiritual Despots J. Barton Scott, 2016-07-19 *Spiritual Despots* by historian of religion J Barton Scott zeroes in on the quaint term priestcraft to track anticlerical polemics in Britain and South Asia during the colonial period Scott's aim is to show how anticlerical rhetoric spread through the colonies alongside ideas about modern secular subjectivity Through close readings of texts in English Hindi and Gujarati he shows in compelling detail how the critique of priestly conspiracy gave rise to a new ideal of the self disciplining subject and a vision of modern Hinduism that was based on unmediated personal experience and self regulation rather than priestly tutelary power *Spiritual Despots* offers a new perspective on what some scholars have called Protestant Hinduism and more broadly contributes to the emerging field of post secular studies by shedding light on the colonial genealogy of secular subjectivity

William Faulkner Richard Godden, 2009-01-10 In *William Faulkner* Richard Godden traces how the novelist's late fiction echoes the economic and racial traumas of the South's delayed modernization in the mid twentieth century As the New Deal rapidly accelerated the long term shift from tenant farming to modern agriculture many African Americans were driven from the land and forced to migrate north At the same time white landowners exchanged dependency on black labor for dependency on northern capital Combining powerful close readings of *The Hamlet* *Go Down Moses* and *A Fable* with an examination of southern economic history from the 1930s to the 1950s Godden shows how the novels literary complexities from their narrative structures down to their smallest verbal emphases reflect and refract the period's economic complexities By demonstrating the interrelation of literary forms and

economic systems the book describes in effect the poetics of an economy Original in the way it brings together close reading and historical context William Faulkner offers innovative interpretations of late Faulkner and makes a unique contribution to the understanding of the relation between literature and history *Exodus* Cornelis Houtman,1993 This HCOT volume completes Houtman s monumental commentary on the Book of Exodus It covers the legal texts the decalogue and the Book of the Covenant and most of the Sinai narrative Beside a detailed and deliberate interpretation it provides an invaluable guide to the literature and the issues The treatment of the tabernacle chapters is of particular interest The corresponding sections about the instructions for and the making of each part of the tabernacle are discussed together and placed in side by side columns in the translation This excellent study will certainly make history M Vervenne in Ephemerides Theologicae Lovanienses 68 1992 409 a splendid work J W Wevers in Bibliotheca Orientalis 52 1995 743 The learning assembled in this massive work will be invaluable to students of Exodus G I Davies in Vetus Testamentum 48 1998 572 Cornelis Houtman is Professor of Old Testament at the Theological University Kampen **1845-1860** Edward Lillie Pierce,1893 **American Politics (non-partisan) from the Beginning to Date** Thomas Valentine Cooper,Hector Tyndale Fenton,1884
