POEM TEXT

ī

- O wild West Wind, thou breath of Autumn's being.
 Thou, from whose unseen presence the leaves dead
- Are driven, like ghosts from an enchanter fleeing,
- 4 Yellow, and black, and pale, and hectic red,
- 5 Pestilence-stricken multitudes: O thou,
- 5 Who chariotest to their dark wintry bed
- The winged seeds, where they lie cold and low.
- Each like a corpse within its grave, until
- Thine azure sister of the Spring shall blow
- 10 Her clarion o'er the dreaming earth, and fill
- (Driving sweet buds like flocks to feed in air)
- 12 With living hues and odours plain and hill:
- Wild Spirit, which art moving everywhere;
- 14 Destroyer and preserver; hear, oh hear!

111

- Thou on whose stream, mid the steep sky's commotion.
- 16 Loose clouds like earth's decaying leaves are shed.
- 17 Shook from the tangled boughs of Heaven and Ocean,
- 18 Angels of rain and lightning: there are spread
- 19 On the blue surface of thine aery surge.
- 20 Like the bright hair uplifted from the head
- 21 Of some fierce Maenad, even from the dim verge
- 22 Of the horizon to the zenith's height,
- The locks of the approaching storm. Thou dirge
- 24 Of the dying year, to which this closing night
- 2.5 Will be the dome of a vast sepulchre.
- 2d Vaulted with all thy congregated might.
- 27 Of vapours, from whose solid atmosphere.
- 28 Black rain, and fire, and hail will burst; oh hear!

1111

- Thou who didst waken from his summer dreams
- The blue Mediterranean, where he lay.
- Lull'd by the coil of his crystalline streams,
- 32 Beside a pumice isle in Balae's bay.
- And saw in sleep old palaces and towers
- 34 Quivering within the wave's intenser day.
- 35 All overgrown with azure moss and flowers.
- 36 So sweet, the sense faints picturing them! Thou
- 37 For whose path the Atlantic's level powers.
- 38 Cleave themselves into chasms, while far below
- 39 The sea-blooms and the oozy woods which wear
- 40 The sapless foliage of the ocean, know
- 41 Thy voice, and suddenly grow gray with fear,
- 42 And tremble and despoil themselves; oh hear!

DV

- 43 If I were a dead leaf thou mightest bear;
- 44 If I were a swift cloud to fly with thee;
- 45 A wave to pant beneath thy power, and share
- 46 The impulse of thy strength, only less free
- 47 Than thou Quincontrollable! If even
- 41 I were as in my boyhood, and could be
- 49 The comrade of thy wanderings over Heaven,
- As then, when to outstrip thy skiey speed
- 5.1 Scarce seem'd a vision: I would ne'er have striven.
- 52 As thus with thee in prayer in my sore need.
- 57 Ob. lift me as a wave, a leaf, a cloud!
- 54 I fall upon the thorns of life! I bleed!
- 55 A heavy weight of hours has chain'd and bow'd
- 56 One too like thee: tameless, and swift, and proud.

34

- 57 Make me thy lyne, even as the forest is:
- What if my leaves are falling like its own!
- The tumult of thy mighty harmonies
- 60 Will take from both a deep, autumnal tone.

Ode To The West Wind Analysis Of Important Linesexplanation:

Percy Shelley's Style in "Ode to the West Wind" Manuela Kistner, 2008-06 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 1 7 University of Heidelberg 13 entries in the bibliography language English abstract Percy Bysshe Shelley is one of the most famous Romantic poets of the 19th century Throughout his life he has written a lot of works that impressed people One of these works is the poem Ode to the West Wind which was written in 1819 This paper is about Ode to the West Wind and gives information on it such as its outer appearance It focuses on how Shelley describes the wind and which symbols he uses in this poem First some information about the term ode itself The ode is a lyric poem with great length that deals with a lofty theme in a dignified manner There are three types of English odes the Pindaric the Cowley and the Horation ode The Pindaric Ode is a ceremonious poem with Pindar's style Pindar was a Greek professional lyrist of the 5th century BC He employed the triadic structure of Stesichorus consisting of a strophe followed by a metrically harmonious antistrophe concluding with a summary line in a different metre The most important odes were those of Abraham Cowley and Andrew Marvell Marvell for example used a simple and regular stanza modelled on Horace with the rhyme scheme aabb the first two lines had four stresses whereas the last two lines had only three stresses Cowley wrote Pindaric odes which had irregular patterns of line lengths and rhyme schemes though they were iambic Shelley s Ode is of the Horation type in it he describes the activities of the west wind on earth on the sea and also in the sky He also expresses his envy for the boundless freedom of the west wind and his wish to be free like the wind and to scatter his words among mankind A study quide for Percy Bysshe Shelley's "Ode to the West Wind" Gale, Cengage Learning, 2015-03-13 A study quide for Percy Bysshe Shelley's Ode to the West Wind excerpted from Gale's acclaimed Poetry for Students series This concise study quide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research On the Essence of Wuthering Engin Yurt, 2018-09-01 Maybe this fulfilling ness will be out of what Shelley had needs intended while he was writing this ode and so it fulfilling ness will be so far away and irrelevant the very nature of the ode but still I claim the reading will be much closer to its the ode's source But how can this happen How is it possible that an interpretation can be closer to the source of what it interprets while it interpretation is so far away the nature of what it interprets Frankly speaking these are hard questions Ones maybe will never be answered rightly maybe not even replied truly But still there s a claim in here so at least it must be tried to wrong in some sense But before any attempt to wronging one must see for sure what is the nature of this ode So it can after be shown that when the claim arrives the source and the nature of the ode are holding hand in hand or they are not far away from each other but they dwell very near and nearing ly And for all this one must enter the ode s path and read the ode from the beginning to the end several times or as much as it is needed So in here there s not much to say that other interpreters didn t say But the real relation that the other interpreters

had missed is between the wind and these colors In sixth line the ode tells that wind carries them to their bed In here one must pay attention to the word bed This word etymologically shelters the sub meanings like to dig to pierce And these verbs are very powerful verbs. They have the same sense like the verbs to penetrate to permeate They are more powerful words These words and verbs get their power from their tastes of intimacy What is piercing or penetrating or permeating is what is inside what gets inside what enters within what nears That's the reason why a bed is a special place for each person only A bed is not just a sleeping and resting place or tool A bed bears the expectation of being most welcoming But still when a visitor or a quest comes to a house he she isn t welcomed or shown hospitality in bedroom People use living room or quest room for that occasion Because its bed s being most welcoming particularly only needs calls its owner Its owner isn t the one who uses the bed regularly or who bought it or who sits on it or who when the times come sleeps on it When two or three friends mostly little girls meets in a friend s house for a sleep over they mostly spend the time not in living room or somewhere else in the house but in friend's room usually on or near the bed. No matter if they talk about something or play a game or else they do it on or around the bed Because they don t just spend some time somewhere but they share and create intimacy while they are talking in each other and strengthening bonds of friendship what they do actually is digging in their own soul and penetrating in others and let others penetrate in them What they do actually is answering the call of the bed And from another angle but with the very same reason couples lovers spend their night in the same bed together Because a bed as a most welcoming is where and what the digging to soul or self happens most When his her little girl or boy falls asleep somewhere else a father or a mother carries his her child to his her bed This carrying little child to his her bed scene is one of the rare obvious stark images of the bed as a most welcoming Because when the mother or father puts the child into his her bed it embraces him her It is something essentially different from going to bed when it s sleeping or rest time When someone goes to his her bed to sleep or to rest or to watch a movie with his her notebook and potato chips and coke the bed is usually caught unprepared In here I don't mean it's untidy being untidy merely means something just physical I more mean it is about to be used as it is just some unsacred ordinary place or tool enough comfortable The character that has been given to it is just something so far away from its bed s own deepest meaning essence There s no time for it to prepare to become most welcoming and embraces the one who is about to sleep or to rest or to whatever to do in it That's the reason why it's bed s true owner is the one who inclines to it to its call to its essence s call Beside those when someone falls asleep somewhere else one might wake him her and tell to go to his her bed It is because as the most welcoming a bed is where a person belongs while sleeping Not because it is most comfortable place for a sleeping one everyone knows how comfy is falling asleep and sleeping on a living room couch in front of television but because a person is truly with himself herself only while sleeping in most welcoming There s no more actual around for a sleeping one There s no place as a human being can and necessarily does be in it and also be it like before in moments of being awake There s no more matter subject object

dualism The time or the space can t behave as the same way that they behave to the awakened ones This is the only time he she can see listen hear touch connects with the sense of there's no within inside or outside There's no difference between these two There are no sides There s no there is ness or being there ness Of course there s also no conscious subject or mind or a self to act these but it doesn't matter because firstly consciousness or and unconsciousness or the other ones that has named just before do not and can't hold the whole selfness in their hand because as it is said in philosophy histories before a subject a self is built on the sense realization creation of these sides and secondly the phenomenological and hermeneutic interpretation of sleep in most welcoming is includes so much more than what a word language thought thinking is able to carry Just to be clear it has to be mentioned here that this is not the any kind of interpretation of sleeping itself I m not interested in or talking about sleeping This is about sleeping in most welcoming One can desire need to sleep so profusely and then sleep in his her most comfortable bed for hours and days and this can keep on for the rest of his her life but might never sleep in most welcoming And in following these now one can say that those touches listening hearings connections are actually a digging a permeating A kitchen is a kitchen because one cooks in it the word kitchen comes from the Latin word coquina which comes from the Latin verb coquere to cook A lavatory is a lavatory because one can wash his her hands face etc the word lavatory comes from the Latin verb lavare to wash And a bed is a bed because one can penetrate permeate pierce to himself herself in it or to the other owners selves near or in it The one who is in with around near the most welcoming is actually a digger a piercer a penetrator a permeate r So when Shelley tells that the west wind is what who brings carries them to their wintry beds the poem doesn t mean to just the say create bear the motional image of as the wind blows leaves moves around in the air and then land fall in snowy ground earth but it also means to indicate the hidden meaning of bed as the one who carries to bed being near the bed Of course he didn t think the things that have been being told in this article for the last three pages but it doesn't matter because the ode did think of these It thought of these just to share the secret about west wind with the reader interpreter and also with the very poet that write it But I don t think **RE:Verse** Jeremy Tambling, 2018-10-08 Many people are intimidated by poetry Shelley heard his own ode s voice call thinking it difficult and high brow and not for them But it is still considered an essential part of art and literature RE Verse asks Why and How should we read poetry This book aimed at people just starting with literature takes nothing for granted but opens poetry up to all in a way that makes it both exciting and fresh Examples are taken from a balanced combination of traditional writers such as Keats Wordsworth Blake and Shakespeare and modern poets such as Seamus Heaney Jackie Kay and Benjamin Zephaniah RE Verse ranges over all periods of literature and over the many critical theories that attempt to show why poetry matters It places poems into their historical context looks at poetry in translation and discusses why much poetry is so difficult as to seem almost unreadable It sets the standard for talking about how to read poetry and what to do when this seems to be impossibly difficult Ultimately it is the essential easy to read guide to the subject English
