Kara Anne Gardner

Oklahoma Musical Score:

Catalog of Copyright Entries Library of Congress. Copyright Office, 1954 **The Oxford Companion to the American Musical** Thomas S. Hischak, 2008 A dictionary of short entries on American musicals and their practitioners including performers composers lyricists producers and choreographers **Agnes de Mille** Kara Anne Gardner, 2016-07-13 This book explores the Broadway legacy of choreographer Agnes de Mille from the 1940s through the 1960s Six musicals are discussed in depth Oklahoma One Touch of Venus Bloomer Girl Carousel Brigadoon and Allegro Oklahoma Carousel and Brigadoon were de Mille's most influential and lucrative Broadway works The other three shows exemplify aspects of her legacy that have not been fully examined including the impact of her ideas on some of the composers with whom she worked her ability to incorporate a previously conceived work into the context of a Broadway show and her trailblazing foray into the role of choreographer director Each chapter emphasizes de Mille's unique contributions to the original productions Several themes emerge in looking closely at de Mille's Broadway repertoire Character development remained at the heart of her theatrical work She often took minor characters represented with minimal or no dialogue and fleshed out their stories These stories added a layer of meaning that resulted in more complex productions Sometimes de Mille's stories were different from the stories her collaborators wanted to tell which caused many conflicts Because her unique ideas often got woven into the fabric of her musicals de Mille saw her choreography as an authorship She felt she should be given the same rights as the librettist and the composer De Mille's work as an activist is an aspect of her legacy that has largely been overlooked She contributed to revisions in dance copyright law and was a founding member of the Stage Directors and Choreographers Society a theatrical union that protects the rights of directors and choreographers Her contention that choreographers are authors who have their own stories to tell offers a new way of understanding the Broadway musical *Encyclopedia of the Great Plains* David J. Wishart, 2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging pun intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have LIFE, 1944-05-29 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use The Oxford Handbook of The American Musical Raymond Knapp, Mitchell Morris, Stacy Wolf, 2013-03 This text presents keywords and critical terms that deepen analysis and interpretation of the musical Taking into account issues of composition performance and reception the book's contributors bring a range of practical and theoretical perspectives to bear on their considerations of American musicals Carefully Taught Cary Ginell, 2022-10-15 Carefully Taught looks at American history as depicted in forty Broadway musicals Presented chronologically according to the musical timeframe award winning theater critic and author Cary Ginell dissects the stories characters and songs to not

only examine how Broadway viewed historical events epochs and personalities but also to capture how dramatic license separated fact from fantasy The chosen musicals fall into a variety of categories biographies of famous Americans Andrew Jackson and Fiorello LaGuardia stories with national conflicts Hamilton South Pacific events that captured the attention of the American public Floyd Collins Newsies and sociological studies or satires of specific eras The Music Man Hair Many books have been written about Broadway but Carefully Taught from the song You've Got To Be Carefully Taught in South Pacific uniquely approaches American history from two vantage points the point of view of the playwright and composer accompanied with the context of how these events were seen when they were produced versus how they are seen today Ginell's research of contemporary theater reviews and in depth studies of productions back stories play off his knowledge gained from his quarter century as a theater critic in Southern California The combination is a complete overview of American history on the stage from the coveted balcony seat

A Tanner's Worth of Tune Adrian Wright, 2010 This book is not an encyclopaedia of the British musical in the twentieth century but an examination of its progress as it struggled to find an identity It shows how the British musical has reacted to social and cultural forces suggesting that some of its leading composers such as Lionel Bart and Julian Slade contributed much more to the genre than has previously been acknowledged As the British musical veered between opera light opera operetta spectacle with music kitchen sink musical research musical adaptations of classic novels socially conscious musicals et al this fresh assessment of the writers and their work offers a new understanding of the art publisher description

Billboard, 1974-11-09 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Catalog of Copyright Entries, Third Series, 1967 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc
