in the India Rim Hart Cohen,Ujjwal Jana,Myra Gurney,2024-11-06 This varied collection delves into illuminating examples
of Digital Humanities research and practice currently being undertaken by academics in India and Australia and seeks to
understand the shared challenges as well as the points of similarity and difference between them From the influence of
Netflix on International Relations to contemporary digital adaptations of Mary Shelley s Frankenstein via detours into
erobotics empathic robots and the cultural specificity of online dating these essays convey the distinctive breadth and
imagination of research in this field Digital Humanities is a relatively new discipline in the India Rim and this novelty has
created space for innovative research ideas as well as the use of traditional methodologies and software in different ways
within these unique cultural spaces that could potentially influence how Digital Humanities is conceptualised internationally
For example drawing on Indian classical logic leads to novel designs and applications of computation This lively volume
offers a fresh look at the Digital Humanities and an important overview of the work taking place in a region other than the
Western countries that typically dominate the field It has much to offer both experienced researchers and those new to the
Digital Humanities
