Octavia 1u2 User Manual:

Octavia A. J. Boyle, 2008-04-17 *Octavia* is a work of exceptional historical and dramatic interest. It is the only surviving complete example of the Roman historical drama known as the *fabula praetexta*. Written shortly after Nero's death by an unknown author, the play deals with events at the court of Nero in the decisive year 62 CE for which it is the earliest extant almost contemporary literary source. Its main themes are sex, murder, politics, power, and the perceptions and constructions of history. It is a powerful lyrical and spectacular play. This is the first critical edition of *Octavia* with verse translation and commentary which aims to elucidate the text dramatically as well as philologically and to locate it firmly in its historical and theatrical context. The verse translation is designed for both performance and serious study. *Illustriertes Wörterbuch der römischen Alterthümer mit steter Berücksichtigung der griechischen* Anthony Rich, 1862 [Subject guide to German books in print](#), 1986 *Die Geschichte Griechenlands unter der Herrschaft der Römer: T.
