*Joyce & Jung* Hiromi Yoshida, 2006 Joyce and Jung offers a provocatively original chapter by chapter analysis of Stephen Dedalus psychosexual growth in A Portrait of the Artist as a Young Man The author frames this within the Jungian soul portrait gallery known as the four stages of eroticism in which Eve Helen Mary and Sophia are the soul portraits of Western civilization drawing the collective eros into the psychic field to be witnessed as universal spectacle In James Joyce's twentieth century classic Stephen's soul portraits are the mother the prostitute the Virgin Mary and the Bird Girl

*Joyce and Jung* Hiromi Yoshida, 2012 Hiromi Yoshida's innovative approach to A Portrait of the Artist as a Young Man demonstrates how Joyce's Stephen Dedalus reaches a heightened state of creativity through his gradual integration of feminine elements into his psyche This illuminating and stunning analysis presents a valuable contribution to psychoanalytic feminist theory as well as to Joyce studies Nancy Bombaci Assistant Professor of Writing and Literature Mitchell College New London Connecticut

**Cryptic Subtexts in Literature and Film** Steven F Walker, 2018-07-17 One of the primary objectives of comparative literature is the study of the relationship of texts also known as intertextuality which is a means of contextualizing and analyzing the way literature grows and flourishes through inspiration and imitation direct or indirect When the inspiration and imitation is direct and obvious the study of this rapport falls into the more restricted category of hypertextuality What the author has labeled a cryptic subtext however is an extreme case of hypertextuality It involves a series of allusions to another text that have been deliberately inserted by the author into the primary text as potential points of reference This book takes a deep dive into a broad array of literature and film to explore these allusions and the hidden messages therein

**Ulysses and the Metamorphosis of Stephen Dedalus** Margaret McBride, 2001 This study therefore begins by focusing on the character of Stephen Stephen is significantly a time obsessed writer who wishes to obtain the time transcending status of an Ovid or a Homer When the wider tale is examined in terms of Stephen's ambition Ulysses emerges as potentially a self begetting work that is the finished narration can be read as a creation of the aspiring writer featured within the narrative itself

**BOOK JACKET** Occult Joyce Enrico Terrinoni, 2009-03-26 Ulysses is in many ways an occult text in that it deliberately hides meanings and significances from sight and compels the reader to unveil its secrets by reading it backwards from deceiving surfaces to underlying truths To discuss the occult in Joyce is to analyse the hidden in the text Ulysses is a human book Its most profound meanings are encrypted beneath the surface of its body To discover what's concealed behind it implies an effort of anthropological archaeology Accordingly readers become really interpreters of the occult Only by following the traces and signs left on the textual surface will they eventually dig out what lies dormant beneath Joyce was extremely well read in the occult The variety of texts on the subject he possessed shows that his position was very eclectic as if the occult were a kind of amalgam of different traditions all marked by the signature of secrecy In his own view theosophy mysticism magic spiritism and the so called occult science blend together to form a cluster of obscure erudition where he finds provocative ideas helpful in building up his own cryptic system To read Ulysses hermetically is also a way to show that the act of reading itself is always an experiment The good thing about readings is that they are always provisional Reading as a creative process implies the awareness that one will always be quite uncertain as to what lies hidden behind those concatenations of syllables and words we call texts Interpretation is in fact a mark of our freedom and all original readings are always subversive and provocative Criticism to some extent implies often some kind of a subversive attitude and the game of literature is a useful working ground for attempting to change its possible worlds To see through surface inanity in Ulysses helps us understand that to

read is often an act of revolt and resistance to past authoritative interpretations Excavating the occult in Joyce s masterpiece is a way to face more canonical readings that preferred not to acknowledge fully the author s fondness for and deep knowledge of the subject This is a book which has the gift of explanation rather than simplification and it will help to move Joyce Studies into new and exciting areas of investigation Prof Declan Kiberd UCD Dublin School of English and Drama Dr Terrinoni s work is a very well researched and penetrating study of the occult and hidden in Ulysses finding connections and meanings ignored or misunderstood by other scholars It is a real contribution to Joyce Studies Prof Clive Bloom Middlesex University
