

OET Writing Guide by E2Language

Introduction

You should certainly practice writing OET sub-tests before test day and it is a very good idea to use a 'method' while you practice and on test day. E2Language recommends the following method:

- Read the TASK carefully
- Interpret case notes correctly
- Select relevant case notes
- Transform case notes accurately
- Organise your writing logically

Please note that this method is not necessarily step-by-step. You will need to refer back to each part of the method a number of times throughout the duration of the test. Nevertheless, the method provides a solid set of instructions that will help you to understand what you need to do on test day to improve your chances of success on this sub-test.

Read the TASK

The OET Writing sub-test goes for 45 minutes, the first five minutes of which is only for reading. The first thing you should do during the five minutes reading time is read the TASK carefully. The TASK is located at the bottom of the case notes and looks something like this:

TASK

Using the information in the case notes, write a letter to Ms Samantha Bruin, Senior Nurse at Greywalls Nursing Home, 27 Station Road, Greywalls, who will be responsible for Mr Baker's continued care at the Nursing Home.
