Offending Women Power Punishment And The Regulation Of Desire:

Offending Women Lynne Haney, 2010-02-10 *Offending Women* is an eye opening journey into the lived reality of prison for women in the United States today Lynne Haney looks at incarcerated mothers housed together with their children who are serving terms in alternative community based prisons a type of facility that is becoming increasingly widespread Incorporating vivid sometimes shocking observations of daily life she probes the dynamics of power over women's minds and bodies that play out in two such institutions in California She finds that these alternative prisons contrary to their aims often end up disempowering women transforming their social vulnerabilities into personal pathologies and pushing them into a state of disentanglement Uncovering the complex gendered underpinning of methods of control and intervention used in the criminal justice system today *Offending Women* links that system to broader discussions on contemporary government and state power asks why these strategies have arisen at this particular moment in time and considers what forms of citizenship they have given rise to

Offending Women Lynne Allison Haney, 2010 Lynne Haney is already an important voice in the sociology of welfare but this book marks her debut as a major figure in the sociology of punishment and the study of governmentality *Offending Women* is a fascinating work that combines rich ethnographic detail with a structural account of the changing contours of contemporary governance Its original contributions to prison ethnography women's studies and the sociology of the penal welfare state will make it a reference point in each of these disciplines David Garland author of *The Culture of Control* *Offending Women* is an exemplary piece of work Haney's writing is engaging crisp and smart She brilliantly assesses the various intentions of the state and incarcerated women and clarifies how these intentions are based on orientations toward punishment and healing that demand fundamental rethinking Rickie Solinger author of *Pregnancy and Power* and co editor of *Interrupted Life* *Experiences of Incarcerated Women in the United States* Lynne Haney brings together her stupendous skills as an ethnographer and her theoretical insights into how states work to explain how the treatment of imprisoned women has changed over the past decade An altogether brilliant book Myra Marx Ferree University of Wisconsin

Breaking the Pendulum Philip Goodman, Joshua Page, Michelle Phelps, 2017-03-20 In *Breaking the Pendulum* Philip Goodman Joshua Page and Michelle Phelps debunk the pendulum model of American criminal justice arguing that it distorts how and why punishment changes From the birth of the penitentiary through recent reforms the authors show how the struggle of players in the penal field shapes punishment

In a Box Merry Morash,2024-02-13 In a Box draws on the experiences of more than one hundred Michigan women on probation or parole to analyze how court state and federal policies hamper the state s efforts at gender responsive reforms in community supervision Closely narrating the stories of six of these women Merry Morash shows how countervailing influences keep reform oriented probation and parole agents and the women they supervise in a box Supervisory approaches that attempt to move away from punitive frameworks are limited or blocked by neoliberal social policies Inspired by the interviewees reflections on their own experiences the book offers recommendations for truly effective reforms within and outside the justice system

Racial Domination Loïc Wacquant,2024-06-07 Race is arguably the single most troublesome and volatile concept of the social sciences in the early 21st century It is invoked to explain all manner of historical phenomena and current issues from slavery to police brutality to acute poverty and it is also used as a term of civic denunciation and moral condemnation In this erudite and incisive book based on a panoramic mining of comparative and historical research from around the globe Lo c Wacquant pours cold analytical water on this hot topic and infuses it with epistemological clarity conceptual precision and empirical breadth Drawing on Gaston Bachelard Max Weber and Pierre Bourdieu Wacquant first articulates a series of reframings starting with dislodging the United States from its Archimedean position in order to capture race making as a form of symbolic violence He then forges a set of novel concepts to rethink the nexus of racial classification and stratification the continuum of ethnicity and race as disguised ethnicity the diagonal of racialization and the pentad of ethnoracial domination the checkerboard of violence and the dialectic of salience and consequentiality This enables him to elaborate a meticulous critique of such fashionable notions as structural racism and racial capitalism that promise much but deliver little due to their semantic ambiguity and rhetorical malleability notions that may even hamper the urgent fight against racial inequality Wacquant turns to deploying this conceptual framework to dissect two formidable institutions of ethnoracial rule in America Jim Crow and the prison He draws on ethnographies and historiographies of white domination in the postbellum South to construct a robust analytical concept of Jim Crow as caste terrorism erected in the late 19th century He unravels the deadly symbiosis between the black hyperghetto and the carceral archipelago that has coproduced and entrenched the material and symbolic marginality of the African American precariat in the metropolis of the late 20th century Wacquant concludes with reflections on the politics of knowledge and pointers on the vexed question of the relationship between social epistemology and racial justice Both sharply focused and wide ranging synthetic yet controversial Racial Domination will be of interest to students and scholars of race and ethnicity power and inequality and epistemology and theory across the social sciences and humanities

Elgar Encyclopedia of Global Migration Laura Oso,Natalia Ribas-Mateos,Melissa Moralli,2025-01-09 In recent decades emerging challenges such as increased digitalization of social lives and the ongoing processes of border externalization and internalization have prompted

Prisons of Debt Prof. Lynne Haney, 2022-05-10 A profound portrait of the hidden injustices that trap fathers in a cycle of punishment and debt In the first study of its kind sociologist Lynne Haney travels into state institutions across the country to document the experiences of the millions of fathers cycling through the criminal justice and child support systems Prisons of Debt shows how these systems work together to create complex entanglements rather than piling up in men's lives these entanglements form feedback loops of disadvantage The prison child support pipeline flows in both directions deepening parents debt and criminal justice involvement Through moving accounts of men struggling to be fathers from behind prison walls and under the weight of support debt Prisons of Debt exposes how the criminalization of child support undermines the most essential of familial relationships Haney argues that these state systems can end up producing exactly the kind of parent they fear and loathe bitter unreliable and cyclical fathers Based on observations of 1 200 child support cases and interviews with 145 indebted fathers in New York California and Florida Prisons of Debt reveals the actual practices of child support adjudication and enforcement alongside the lived realities of fathers trapped in those systems The result is a rigorously documented analysis of how poor men are too often denied their rights of citizenship and of fatherhood **The**

Oxford Handbook of American Women's and Gender History Ellen Hartigan-O'Connor, Lisa G. Materson, 2018-09-04 From the first European encounters with Native American women to today's crisis of sexual assault The Oxford Handbook of American Women's and Gender History boldly interprets the diverse history of women and how ideas about gender shaped their access to political and cultural power in North America Over twenty nine chapters this handbook illustrates how women's and gender history can shape how we view the past looking at how gender influenced people's lives as they participated in migration colonialism trade warfare artistic production and community building Theoretically cutting edge each chapter is alive with colorful historical characters from young Chicanas transforming urban culture to free women of color forging abolitionist doctrines Asian migrant women defending the legitimacy of their marriages and transwomen fleeing incarceration Together their lives constitute the history of a continent Leading scholars across multiple generations demonstrate the power of innovative research to excavate a history hidden in plain sight Scrutinizing silences in the historical record from the inattention to enslaved women's opinions to the suppression of Indian women's involvement in border diplomacy the authors challenge the nature of historical evidence and remap what counts in our interpretation of the past Together and separately these essays offer readers a deep understanding of the variety and centrality of women's lives to all dimensions of the American past even as they show that the boundaries of women's American and history have shifted across the centuries *Dangerous Masculinity* Anna Curtis, 2019-09-06 For incarcerated fathers prison rather than work

mediates access to their families Incarcerated men negotiate expectations of gender performance and their relationships with the mothers of their children during incarceration These negotiations around masculinity and fatherhood inside prison provide insight into gender inequity racism and ideological underpinnings of security practices
