The Art of Less Mats Alvesson, André Spicer, 2025-10-07 Achieve more by doing less. At work we often feel weighed down by an excess of initiatives, meetings, training and targets. Over-enthusiastic executives, interfering consultants and demanding stakeholders often get in the way of doing the real work. This leaves us feeling overwhelmed but underproductive. The Art of Less offers ideas for how to create a more effective and efficient organization by removing obstacles to meaningful work. Mats Alvesson and André Spicer explain how organizational sludge gets in the way of performance and what can be done about it. They show how unblocking systems and processes can improve work flow so people can focus more on the things that actually matter. The Art of Less is the essential guide to how overburdened managers and employees can break down barriers to more effective working and achieve more by doing less.

The Complete Idiot's Guide to Cold Calling Keith Rosen, 2004-08-03 Does this sound familiar? If I could get in front of the prospect, the rest of the selling process becomes easier. It's just getting in front of them that's the challenge. The fact is most cold calling efforts are doomed from the start. Salespeople lose sales not due to a lack of effort but because they lack a prospecting system they are comfortable with and can trust to generate greater consistent results. If you are feeling the same way you have been for the last several years including the calling to check in, touch base or follow up approach or haven't

been prospecting at all you're simply making it easier for your competition to take away the new business you are working so hard to earn. So if you love to sell but hate or don't like to prospect, this book is your opportunity to maximize your cold calling potential and boost your income by learning how to get in front of the right prospects in less time and create greater selling opportunities without the fear, pressure or anxiety associated with cold calling.
