World War II in the Pacific Mark D. Roehrs,William A. Renzi,2004 World War II laid the groundwork for much of the international system that exists today especially in the Pacific Rim This brief but comprehensive survey of the War in the Pacific incorporates both United States and Japanese perspectives providing a global approach to the Asian theater of the conflict Drawing on decades of new scholarship and written in an engaging narrative style this book traces United States Japanese relations from the late nineteenth century to the war s end in 1945 It covers every aspect of the war and gives special attention to ongoing historical debates over key issues The book also provides new details of many facets of the conflict including expansionism during the 1930s events and policies leading up to the war the importance of air power and ground warfare military planning and strategic goals the internment of Japanese Americans in the U S Allied plans and disputes over Russian participation the decision to drop the atomic bomb and conditions for surrender To the End of the Earth John C. McManus,2023-05-02 Winner of the Army Historical Foundation Award for Excellence in U S Army Writing From the liberation of the Philippines to the Japanese surrender the final volume of John C McManus s trilogy on the US Army in the Pacific War Brilliant and riveting a truly great book Gen David Petraeus Triumphant and compelling Richard Frank McManus is one of the best if not the best World War II historians working today World War II magazine The dawn of 1945 finds a US Army at its peak in the Pacific Allied victory over Japan is all but assured The only question is how many more months or years of fight does the enemy have left John C McManus winner of the Gilder Lehrman Prize for Military History concludes his magisterial series described by the Wall Street Journal as being as vast and splendid as Rick Atkinson s Pulitzer Prize winning Liberation Trilogy with this brilliant final volume On the island of Luzon a months long stand off between US and Japanese troops finally breaks open as American soldiers push into Manila while paratroopers and amphibious invaders capture nearby Corregidor The Philippines are soon liberated and Allied strategists turn their eyes to

China Iwo Jima Okinawa and the Japanese home islands themselves Readers will walk in the boots of American soldiers and officers braving intense heat rampant disease and a by now suicidal enemy determined to kill as many opponents as possible before defeat and they will encounter Japanese soldiers faced with the terrible choice between capitulation or doom At the same time this outstanding narrative lays bare the titanic ego and ambition of the Pacific War s most prominent general Douglas MacArthur and the complex challenges he faced in Japan s unconditional surrender and America s lengthy occupation

The Final Victories ,2011 World War II explores the elements of the war in broadly chronological order not just on the battlefields but also on home fronts around the world *The United States in World War II* Charles River Editors,2025-05-01 All Americans are familiar with the day that will live in infamy At 9 30 a m on Sunday December 7 1941 Pearl Harbor the advanced base of the United States Navy s Pacific Fleet was ablaze It had been smashed by aircraft launched by the carriers of the Imperial Japanese Navy All eight battleships had been sunk or badly damaged 350 aircraft had been knocked out and over 2 000 Americans lay dead Indelible images of the USS Arizona exploding and the USS Oklahoma capsizing and floating upside down have been ingrained in the American conscience ever since In less than an hour and a half the Japanese had almost wiped out America s entire naval presence in the Pacific The United States began 1942 determined to avenge Pearl Harbor but the Allies now including the Soviet Union by necessity did not agree on the war strategy In 1941 both the Germans and British moved armies into North Africa where Italy had already tried and failed to reach the Suez Canal The British sought American help in North Africa where British General Bernard Montgomery was fighting the legendary Desert Fox General Erwin Rommel At the same time Stalin was desperate for Allied action on the European continent that could free up the pressure on the besieged Soviets President Roosevelt had a consequential decision to make and he eventually decided to land American forces on North Africa to assist the British against Rommel much to Stalin s chagrin While the Americans and British could merely harass the Germans with air power and naval forces in the Atlantic Stalin s Red Army had to take Hitler s best shots in Russia throughout 1942 But the Red Army s tenuous hold continued to cripple the Nazi war machine while buying the other Allies precious time As it turned out Roosevelt s decision to first fight in North Africa would make an Allied invasion of the European continent possible in 1943 As Rommel pushed east he now had to worry about American forces to his west The Allies eventually gained the upper hand across North Africa after the battle at El Alamein near the end of 1942 that all but forced the Germans to quit the theater without achieving their objectives With the Axis forced out of North Africa the Allies had freed up its North African forces for an invasion of Western Europe Moreover with North Africa as a potential staging around for that invasion the Germans had to prepare for the possibility of the Allies invading not only from Britain but also from North Africa The Allies would make that decision in early 1943 Despite fighting in North Africa and the Atlantic the United States still had the resources and manpower to fight the Japanese in the Pacific Though the Japanese had crippled the American fleet at Pearl Harbor its distance from Japan made an

invasion of Pearl Harbor impossible and Japan had not severely damaged important infrastructure Thus the United States was able to quickly rebuild a fleet still stationed at Pearl Harbor right in the heart of the Pacific This forward location allowed the United States to immediately push deeply into the Pacific theater In fact the turning point in the Pacific theater took place in 1942 near Midway Island The Japanese had moved a sizable fleet intending to occupy Midway Island and draw the American navy near Instead American aircraft flying from three aircraft carriers that had been away from Pearl Harbor in December 1941 got a bearing on the Japanese fleet and sunk four Japanese aircraft carriers permanently crippling Japan s navy The Battle of Midway was the first naval battle in history where the enemy fleets never saw or came into contact with each other Thus 1942 ended with the Allies turning the tide in the Pacific and North Africa giving them momentum entering 1943
