Using checklists, graphs, and smart, funny advice, this must-have book revels in the messiness and beauty of modern motherhood. Tara Clark, creator of the popular Instagram account Modern Mom Probs, started the conversation for moms looking for an online village. In this book, she continues the conversation with funny, easy-to-digest information, including advice from medical professionals. Knight for the Ages, A Elizabeth Morrison, 2018. *The Livre des faits de Jacques de Lalaing*, Book of the Deeds of Jacques de Lalaing, a famous Flemish illuminated manuscript, relays the audacious life of Jacques de Lalaing, 1421-1453, a story that reads more like a fast-paced adventure novel. Produced in the tradition of chivalric biography, a genre developed in the mid-fifteenth century to celebrate the great personalities of the day, the manuscript's text and illuminations begin with a magnificent frontispiece by the most acclaimed Flemish illuminator of the sixteenth century, Simon Bening. *A Knight for the Ages*, Jacques de Lalaing and the Art of Chivalry, presents a kaleidoscopic view of the manuscript with essays written by the world's leading medievalists, adding rich texture and providing a greater understanding of the many aspects of the manuscript's background, creation, and reception, revealing for the first time the full complexity of this illuminated romance. The texts are accompanied by stunning reproductions of all of the manuscript's miniatures, never before published in color, as well as a plot summary and translations, allowing the reader to follow Jacques de Lalaing on his knightly journeys and experience the thrilling triumphs of his legendary tournaments and battles.

The Posthumous Papers of the Manuscripts Club, Christopher de Hamel, 2022-10-27. Exquisite, intelligent, illuminating, mischievous, delightful. *The Times*. The acclaimed author of *Meetings with Remarkable Manuscripts* introduces us to the extraordinary keepers and companions of medieval manuscripts over a thousand years of history. The illuminated manuscripts of the Middle Ages are among the greatest works of European art and literature. We are dazzled by them and recognize their crucial role in the transmission of knowledge. But we generally think much less about the countless men and women who made, collected, and preserved them through the centuries, and to whom they owe their existence. This entrancing book describes some of the extraordinary people who have spent their lives among illuminated manuscripts over the last thousand years: a monk in Normandy, a prince of France, a Florentine bookseller, an English antiquary, a rabbi from central Europe, a French priest, a Keeper at the British Museum, a Greek forger, a German polymath, a British connoisseur, and the woman who created the most spectacular library in America. All of them were participants in what Christopher de Hamel calls the Manuscripts Club. This exhilarating fraternity and the fellow enthusiasts who come with it throw new light on how manuscripts have survived and been used by very different kinds

of people in many different circumstances Christopher de Hamel's unexpected connections and discoveries reveal a passion which crosses the boundaries of time We understand the manuscripts themselves better by knowing who their keepers and companions have been In 1850 or thereabouts John Ruskin bought his first manuscript at a bookseller's in a back alley This was his reaction The new worlds which every leaf of this book opened to me and the joy I had in counting their letters and unravelling their arabesques as if they had all been of beaten gold as many of them were cannot be told The members of de Hamel's club share many such wonders which he brings to us with scholarship style and a lifetime's experience

Forensics Squad Unleashed Monique Polak, 2016-03-28 Tabitha is thrilled to be attending a summer forensics camp even if she has to go with her sort of friend Mason Soon she is learning to dust for fingerprints photograph a crime scene and take footprint impressions Even though the camp instructors have set up a crime for the kids to solve Tabitha longs to use her newfound skills to solve a real life mystery She's pretty sure a dognapping ring is active in her Montreal neighborhood and when her beloved dog Roxie is stolen she convinces her forensics team to help her find Roxie and nab the nappers
