Physician Leadership The Rx For Healthcare Transformation:

Physician Leadership Mo Kasti, 2015-03-13 When medicine meets leadership everything changes the culture the care the way we collaborate and most importantly outcomes *Change Rx for Healthcare* Keely Killpack, 2017-03-27 Everywhere you look in healthcare disruptive changes are emerging yet the pressure to keep productivity up is ever present There are ways to minimize disruption and make adoption stick *Change Rx for Healthcare Your Prescription for Leading Change* showcases a case study of a large transformational change implementing an electronic health record platform as well as a collection of best practice tools for leading through change or adopting change successfully The author also includes hints on how to take learning and applying the contents to the next level and provides a detailed review of the science and profession of change adoption This book will help any executive physician leader consultant project member or change management professional become more familiar with the science of change and tools that make it faster and easier **Beyond Physician Engagement** Mo Kasti, 2018-11-15 Imagine a world of healthcare where physicians are engaged and contributing at their full intellectual capacity A world where physicians and their teams are happier because they feel heard a world where physicians are active partners and collaborative leaders As CEO of CTI's Physician Leadership Institute I've seen the power of strong physician engagement firsthand I have also witnessed the problems that occur when physicians are not engaged and it isn't pretty It is a safety threat Engagement is critical in today's ever changing healthcare system It can improve clinical outcomes boost patient experience and safety scores and promote a positive culture throughout the organization A health system could improve its bottom line by nearly half a million dollars a year each time it successfully engages one of its less engaged physicians Yet active engagement metrics among physicians are at a mere 10 percent I believe we have been approaching engagement in healthcare all wrong We've made it a metric and held our managers accountable over our physicians But physicians are professionals and don't need parents they need partners The book reveals real life examples of leaders who have been successful at engaging their physicians by acting as partners co leading co creating and working together to establish trust It provides readers with a progressive roadmap that blends the art of leadership neuroscience language and conversation It is time to go beyond engagement **Leadership in a Time of Crisis** Marshall Goldsmith, Scott Osman, 2020-10-01 The founder of Marshall Goldsmith 100 Coaches presents insight on business and leadership in the age of COVID 19 from some of today's top consultants This informative volume offers expert advice on navigating a business through today's global pandemic Some of the world's most effective consultants give their perspectives on all areas of employee and customer growth and engagement They also consider the ramifications of COVID 19 on people the healthcare system local national and global economies and on our businesses In early March 2020 members of the nonprofit organization Marshall Goldsmith 100 Coaches began discussing the developments and repercussions of current events with each other as well as global leaders around the world Thirty seven contributors offer helpful and forward thinking insights on

how we can create more value in the companies we serve and better the lives of our coworkers and communities Leadership in a Time of Crisis features essays by Asheesh Advani Jenny Blake Peter Bregman David Burkus James M Citrin Erica Dhawan Connie Dieken Chester Elton Robert Glazer Sally Helgesen Whitney Johnson Tom Kolditz Harry Kraemer Martin Lindstrom Rita McGrath Sharon Melnick Dave Meltzer Richie Norton Luara Gassner Otting Liz Wiseman And many more

Organizational Behavior and Management in Health and Medicine James K. Elrod, John L. Fortenberry, Jr., 2024-07-10

This comprehensive textbook on healthcare organizational behavior and management uniquely bridges theory and practice directing significant attention toward operationalization in health and medical settings This blend of theory and practice differentiates the content of this book from that of related academic and professional books that tend to discuss theory at length with limited attention being directed toward practical applications This approach ultimately affords readers with a working knowledge of the subject matter which must be mastered to successfully operate healthcare organizations and a real world skill set for use in practice The contents of the text encompass a fairly broad spectrum of organizational behavior and management within the context of the healthcare industry and its associated organizations Among the topics covered Leadership in Health and Medicine Motivation in Health and Medicine Communication in Health and Medicine Strategy in Health and Medicine Ethics and Social Responsibility in Health and Medicine Organizational Culture in Health and Medicine Groups and Teams in Health and Medicine Power and Politics in Health and Medicine Beyond its efficient presentation of core facets of organizational behavior and management the book features practical insights in each chapter from the authors experiences as leaders at a health system These passages share real world insights often involving unique applications innovative thinking and other creative perspectives from practice These viewpoints are invaluable for helping readers to ground the theoretical overviews presented in each chapter bolstering knowledge and understanding A glossary of organizational behavior and management terminology is also included Organizational Behavior and Management in Health and Medicine serves as a primer featuring principles and practices with intensive application and operational guidance The text with its learning objectives chapter summaries key terms and exercises is ideally suited for professors and students of health administration medicine nursing and allied health The book also can serve as a refresher for healthcare executives and managers e g administrators nurses physicians and as a useful reference for anyone with an interest in learning about administrative practices in health and medical settings

America's Healthcare Transformation Robert A. Phillips, 2016-06-28 A revolution in American medicine is in full swing with the race from fee for service to fee for value at the front line in an epic battle that will transform healthcare delivery for decades to come In America's Healthcare Transformation eminent physician leader Robert A Phillips brings together key thought leaders and trail blazing practitioners who provide a wide ranging exploration of the strategies innovations and paradigm shifts that are driving this healthcare transformation The contributors offer a panoramic look at the dramatic changes happening in the field of medicine changes

that put the patient at the heart of the process Among other subjects the essays evaluate innovative high quality and low cost care delivery solutions from around the United States and abroad describe fundamental approaches to measuring the safety of care and the impact that guidelines have on improving quality of care and outcomes and make a strong case that insurance reform will fundamentally and irreversibly drive delivery reform In addition America s Healthcare Transformation reviews the role of health information technology in creating safer healthcare provides a primer on the development of a culture of safety and highlights ground breaking new ways to train providers in patient safety and quality Finally the book looks at reports from Stanford Health Care and Houston Methodist which outline how successful behaviorally based strategies anchored in values can energize and empower employees to deliver a superior patient experience Drawing on the wisdom and vision of today s leading healthcare innovators America s Healthcare Transformation provides a roadmap to the future of American healthcare This book is essential reading for all health care providers health care administrators and health policy professionals and it will be an invaluable resource in the effort to improve the practice of medicine and the delivery of healthcare in our communities and nation

Strategic Pharmaceutical Marketing Management in Growth Markets Mithun Nandy,2023-05-09 India is the largest provider of generic drugs globally The Indian pharmaceutical sector supplies over 50% of the global demand for various vaccines and as a result holds an important position in the global pharmaceutical sector This book is a comprehensive study of pharmaceutical marketing management in the Indian context and similar growth markets The book introduces the fast paced and multi faceted discipline of pharmaceutical marketing management through an in depth discussion on the genesis and evolution of its marketing concept Combining theory and practice it offers a strategic approach to pharmaceutical marketing from an organizational and business perspective and explicates the practical applications of it Richly supported by case studies the book brings together fresh perspectives and approaches equally useful for students and professionals This book will be of interest to academicians advanced students and practitioners of pharmaceutical marketing and pharmaceutical management It will also be beneficial to those interested in business strategy decision making and international marketing

Managing Healthcare Transformation Towards P5 Medicine Bernd G.M.E Blobel,Dipak Kalra,2023-09-29 Health and social care systems around the world are facing radical organizational methodological and technological paradigm changes to meet the requirements for improving quality and safety of care as well as efficiency and efficacy of care processes In this they re trying to manage the challenges of ongoing demographic changes towards aging multi diseased societies development of human resources a health and social services consumerism medical and biomedical progress and exploding costs for health related R D as well as health services delivery Furthermore they intend to achieve sustainability of global health systems by transforming them towards intelligent adaptive and proactive systems focusing on health and wellness with optimized quality and safety outcomes

The New Science of Medicine & Management Jon A. Chilingirian,S. Abbas Shobeiri,Mark A. Talamini,2023-07-24 This exciting first of its kind

title describes the blossoming new science of medicine and management the concepts methodologies techniques and tools that create value for patients populations caregivers staff and healthcare organizations Developed out of the innovative and powerful physician executive MBA program at the Heller School of Social Policy and Management at Brandeis University The New Science of Medicine Every Leader a Collaborative Team Player and a new definition of high value health care Composed of the best 18 of approximately 200 outstanding physician led business school projects the book is based on the collective efforts and experiences of 33 authors and coauthors 28 of whom are physicians and 19 of whom have an MD and an MBA degree The work is grounded in three important assertions First the clinical side of complex professional medical organizations such as hospitals has traditionally been led by highly skilled highly experienced medical practitioners trained in the underlying biomedical disciplines and applied medical sciences Second there is research evidence that managers with clinical backgrounds can run better healthcare organizations and a growing number of physician led multispecialty groups are outperforming organizations run by lay managers Third physicians and other caregivers should have some training in the new science of medicine and management moreover and very importantly the transition from clinician to clinical manager and leader is challenging and requires training in the new science of medicine and management State of the art developed by expert physician leaders in the field and replete with a wide range of management insights and lessons this book asks important questions and offers an exciting and comprehensive resource for all physicians health administrators and clinicians interested in not only the science of medicine and management and in developing physician led teams but crucially in ensuring value in healthcare by improving patient outcomes safety affordability and employee well being Coaching, Mentorship and Leadership in Medicine: Empowering the Development of Patient-Centered Care, An Issue of Clinics in Sports Medicine, E-Book Dean C.
