2 Get started.

Turn on the phone

With your Nokia 1100 phone's battery fully charged, simply press and hold the power key to turn the phone on. The first time the phone is turned on, the current time and date will need to be set. If the phone displays "Insert SIM card" (fig. 2.1), go to the section below entitled "The SIM card."

The SIM card

To use your Nokia 1100, you must have a valid SIM (Subscriber Identity Module) card and an activated account with your local wireless service provider. If you do not have a SIM card or service for the phone, contact your local wireless service provider for more information about setting up an account.

Insert the SIM card

1. Turn the phone over and remove the back cover (fig. 2.2).
2. Lift and remove the battery (fig. 2.3).
3. Pull back and lift the SIM card door (fig. 2.4).
4. Place the SIM card into the keyed slot. Make sure the gold contacts are facing the phone and the beveled corner is in the correct position (fig. 2.5).
5. Lower the SIM card door to secure it in place. If the SIM card is not properly inserted, the door will not close and the battery cannot be re-inserted.
6. Replace the battery.
7. Replace the cover.

Disruptive Innovation in Chinese and Indian Businesses
Peter Ping Li, 2013-03-12 With the rapid development of China and India as new economic powers in global competition an obvious question is whether these emerging economies are great opportunities or threats Whilst answers are bound to differ depending on one s perspective it is increasingly clear that more local firms especially local entrepreneurs from these emerging economies will play a more critical role in global competition by becoming challengers to global incumbents Indeed the fact that the majority of their populations are at the bottom of the pyramid and thus cannot afford products designed for the developed markets has made these emerging economies fertile ground for developing and applying disruptive innovations A novel mix of key attributes distinctive from those of established technologies or business models disruptive innovations are typically inferior yet affordable and good enough products or services which originate in lower end market segments but later move up to compete with those provided by incumbent firms This book sheds new light on disruptive innovations both from and for the bottom of the pyramid in China and India from the point of view of local entrepreneurs and international firms seeking to operate their businesses there It covers both the theoretical and practical implications of disruptive innovation using conceptual frameworks alongside detailed case studies whilst also providing a comparison of conditions and strategic options in India and China Further unlike existing studies this book focuses on the neglected perspective of local challengers as the primary players and in doing so reveals the extent to which the future landscape of global competition may be shaped by disruptive innovation as well as its capacity to make the world flatter and more sustainable This unique book will be valuable to both scholars and practitioners interested in disruptive innovation and those working in the fields of Asian
