Not Fit For A Dog Not Fit For A Dog:

Not Fit for a Dog! Dr. Michael W. Fox, 2012-09-26 Highlighting the dangers of modern pet food how it is unbalanced creates addiction and often contains ingredients that can literally poison your pet this book destroys the myths propounded by pet food companies that human food is bad for pets and that natural food diets are unsafe Three veterinarians share their expertise and scientific evidence providing an in depth appraisal of the pet food industry and what people are feeding to their cats and dogs This revolutionary book teaches how to read pet food labels and what ingredients to avoid how to save on pet bills by preventing diet related disease in pets why veterinarians are often ignorant of the health effects of manufactured pet food how a change in diet can cure many diet related illnesses and why organic farming practices and suppliers can be the best choice for pets Armed with this information people will be able to provide a better and healthier life for their animals

Not Fit to Leave the Planet Robert Murphy, 2016-05-20 In the near future as the Human Race starts to make breakthroughs into deep space exploration earth is visited by their nearest neighbours the Kaani The Kaani want to size us up before welcoming us into the interstellar community Unfortunately we don't quite measure up to their exacting standards War poverty and inequality are considered too prevalent within our society for us to be let loose on the universe The Kaani decide to share some of their knowledge with us hoping that with a slight nudge we will get our act together Humanity then embarks upon a golden era making real steps forward towards solving our most fundamental problems But it isn't too long before the bad behaviour kicks back in and humanity is back to square one When the Kaani visit us again we are not ready to welcome them back but instead react violently to their arrival Of course we are no match for their far superior technology and our defenses are compromised easily The Kaani fortunately are not interested in conquering us but instead want to educate us Therefore they decide to take a selection of our children to their home world on a fact finding mission Johnathon and Cleetus are among this group of children and we follow their adventures as they explore their own humanity and question whether or not we can ever measure up to the exacting standards of the Kaani What starts off as a humorous look at what it means to be human gradually gets darker as we explore how our failures as a society may be linked to hierarchies and power structures Is the key to a free and peaceful society the rejection of accepted authority and how will those with power react to their way of life being threatened □□□□□ □□□□ Israel Meir (ha-Kohen), 1984 Multilingual Literacy Esther Odilia Breuer, Eva Lindgren, Anat Stavans, Elke Van Steendam, 2021-01-21 This book investigates multilingual literacy practices explores the technology applied in different educational frameworks the centrality of multilingual literacy in non formal informal and formal educational contexts as well as its presence in everyday life Thematically clustered in four parts the chapters present an overview of theory related to multilingual literacy address the methodological challenges of research in the area describe and evaluate projects set up to foster multilingual literacy in a variety of educational contexts analyze the literacy practices of multilinguals and their contribution to language and literacy acquisition This volume aims to initiate

a change in paradigms shifting from structured and conservative problematizations to inclusive and diverse conceptualizations and practices To that end the book showcases explorations of different methodologies and needs in formal and non formal educational systems and it serves as a springboard for developing multivocal participatory spaces with opportunities for learning and identity building for all multilinguals across different settings languages ages and contexts
