Not In The Heavens The Tradition Of Jewish Secular Thought:

Not in the Heavens David Biale, 2015-10-27 The story of the origins and development of a Jewish form of secularism Not in the Heavens traces the rise of Jewish secularism through the visionary writers and thinkers who led its development Spanning the rich history of Judaism from the Bible to today David Biale shows how the secular tradition these visionaries created is a uniquely Jewish one and how the emergence of Jewish secularism was not merely a response to modernity but arose from forces long at play within Judaism itself Biale explores how ancient Hebrew books like Job Song of Songs and Esther downplay or even exclude God altogether and how Spinoza inspired by medieval Jewish philosophy recast the biblical God in the role of nature and stripped the Torah of its revelatory status to instead read scripture as a historical and cultural text Biale examines the influential Jewish thinkers who followed in Spinoza's secularizing footsteps such as Salomon Maimon Heinrich Heine Sigmund Freud and Albert Einstein He tells the stories of those who also took their cues from medieval Jewish mysticism in their revolts against tradition including Hayim Nahman Bialik Gershom Scholem and Franz Kafka And he looks at Zionists like David Ben Gurion and other secular political thinkers who recast Israel and the Bible in modern terms of race nationalism and the state Not in the Heavens demonstrates how these many Jewish paths to secularism were dependent in complex and paradoxical ways on the very religious traditions they were rejecting and examines the legacy and meaning of Jewish secularism today

De geschiedenis van de Joden 2 Erbij horen 1492 - 1900 Simon Schama, 2017-11-23 In het tweede deel van De geschiedenis van de Joden richt Simon Schama zich op de periode van 1492 tot 1900 In 2013 verscheen het eerste deel van drie dat overal ter wereld lovend werd ontvangen

Met zijn karakteristieke flair en gevoel voor detail neemt hij je mee in de geschiedenis. Hij vertelt de verhalen van rabbijnen en filosofen maar ook van degenen die zelden een plek krijgen toebedeeld in de geschiedschrijving: een dichteres in het getto van Veneti, een bokser in georgiaans Engeland, een bijbelverkoper in Amsterdam, een dovenleraar in achttiende eeuwse Frankrijk en een operacomponist in negentiende eeuwse Duitsland. De geschiedenis ontvouwt zich van India tot Galilea, van Virginia tot Istanboel. In de handen van meesterverteller Schama is de geschiedenis van de Joden een verhaal over de hele mensheid. Prachtig vertelde geschiedenis van de Joden aan de hand van verhalen van gewone mensen. Trouw Schama smeedt feiten uit voorbije eeuwen aaneen tot n adembenemend verhaal waarin hij laat zien dat Joden van beslissende invloed op de wereld zijn geweest. Mapping the Academic Debate Johannes Duschka, Christoph Kleine, Monika Wohlrab-Sahr, Florian Zemmin, 2024-12-16. This volume maps the international academic debate on secularity. It places seminal contributions from within Western academia alongside less well known texts from various parts of the world. In several cases this is the first time that they have been translated into English. The volume demonstrates that the academic debate on secularity was and is a global debate with contributions from many regions. The collected texts relate to each other either directly or indirectly by referring to similar arguments, whether reinforcing or criticising them, and thus create a discourse. When speaking of global secularity we therefore do not insinuate a uniform world secularity resulting from the alleged global diffusion of Western norms, ideas and concepts. It is rather a web of relations that is constituted via various different references. These references are not evenly distributed; the development in the West is often the point of reference to which positions from other regions relate, to which they connect or from which they distance themselves. But the references are not completely unidirectional. We also present texts from Europe that underline the multidirectionality of the process, even early on. Thereby the volume offers the reader the material with which to trace these global exchanges and references.

The Oxford Handbook of American Jewish History Shari Rabin, Michael R. Cohen, Stuart and Suzanne Grant. Professor in the American Jewish Experience, Michael R. Cohen, 2025-12-09. The Oxford Handbook of American Jewish History creates a vibrant dialogue among the varied approaches to the study of American Jews, taking stock of the field and working

to move it forward in conversation with American history and modern Jewish history **The New Zionists** David L. Graizbord, 2020-05-26 Through a qualitative analysis and broad historical contextualization of personal interviews *The New Zionists* shows how American Jewish Millennials who are not religiously orthodox approach Israel and Zionism as galvanizing solutions to the thinning of American Jewish identity and re root themselves through Israeliness an unselfconscious and largely secular expression of national kinship and solidarity as well as of personal and communal purpose that American Judaism scarcely provides **Like a Dark Rabbi** Norman Finkelstein, 2019-09-15 Wallace Stevens dark rabbi from his poem *Le Monocle de Mon Oncle* provides a title for this collection of essays on the lordly study of modern Jewish poetry in English Including chapters on such poets as Charles Reznikoff Allen Grossman Chana Bloch and Michael Heller this volume explores the tensions between religious and secular worldviews in recent Jewish poetry the often conflicted linguistic and cultural matrix from which this poetry arises and the complicated ways in which Jewish tradition shapes the sensibilities of not only Jewish but also non Jewish poets Finkelstein described as one of American poetry's indispensable makers Lawrence Joseph whose previous critical work has been called the exemplary study of the religious aspect of the works of contemporary American poets Peter O Leary considers large literary and cultural trends while never losing sight of the particular formal powers of individual poems In *Like a Dark Rabbi* he offers a passionate argument for the importance of Jewish American poetry to modern Jewish culture and to American poetry as it engages with the contradictions of contemporary life

Reading across Cultures Caroline Gruenbaum, 2025-07-15 *Reading across Cultures* explores a body of innovative Jewish literary works from the Middle Ages In late twelfth and thirteenth century Ashkenaz the Jewish communities in northern France Germany and England Jewish authors translated several Old French and German stories into Hebrew These stories are distinctly non Jewish drawing on the Christian romances of King Arthur and Alexander the Great and the classical fables of Aesop Caroline Gruenbaum argues that these translations rather than adapting stories that reflected Jewish religious or cultural practice represent a body of secular Hebrew literature in Ashkenaz and evidence of a shared literary culture between Jews and Christians in medieval Europe *Reading Hebrew animal fables folktales and chivalric romance* Gruenbaum describes an intellectual climate that allowed the literati of medieval Ashkenaz to read across cultures In these translations produced by medieval Jews for entertainment and for wisdom Gruenbaum finds a new literary awakening in Ashkenaz *The Secular Paradox* Joseph Blankholm, 2022-06-07 Living in a culture saturated with Christian language and ideas America's nonbelievers struggle to define themselves on their own terms They face the difficult choice of avoiding religion completely or embracing parts of religion and living with contradictions In *The Secular Paradox* Joseph Blankholm explores what it feels like to be secular and live with this ambivalence Relying on several years of ethnographic research among secular activists and organized nonbelievers in the United States the volume shows how secular people are both absolutely not religious and part of a religion like secular tradition *The Secular Paradox* focuses heavily on nonbelievers who

don't fit easily within secularism because they are the ones who tell its story best. The challenges faced by people of color, women, and those who have left non-Christian religions shed light on what secularism is and how it works by revealing its limits and contradictions. Placing them front and center unveils a new landscape of American religion and offers a view into what American secularism is becoming. Book jacket
