Summary of Chris Bailey's The Productivity Project Everest Media,2022-06-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I was determined to wake up at 5 30 every morning even if it took me all year I was able to wake up at 5 30 but my 9 30 bedtime snuck up faster and faster and I had to make the choice between staying up late and waking up early 2 I eventually realized that I actually hated going to bed early and I preferred to meditate work out read and plan out my day later on in the day when I had more energy and attention 3 The same is true of

productivity itself It is one of the hardest things to do and if it were easy it wouldn't be worth doing 4 Having a purpose behind your actions is just as important as achieving them If you don't care about the changes you're trying to make it will be difficult to sustain them over time
