Judith Butler, Michel Foucault, and the Theology of Freedom Gunda Werner, 2023-12-22 This book explores how Judith Butler's work on gender and the shaping of the human subject and Michel Foucault's notion of parrhesia speaking the truth can be made fruitful for a theology of freedom. The volume illustrates the importance of three concepts: freedom, gender, body, and power critique, and how this triad provides the foundational categories and structural elements of a theology of freedom. By starting from an analysis of power and the performative potential of gendered embodiment, freedom can be thought of as the basis of creative and critical human action and thereby implemented in theology. The chapters feature several theological historical case studies that are representative of topics that continue to shape contemporary Catholic norms and thought. In particular, the author reflects on the 13th century with the idea of personal sin and confession and the 19th century with a gender ideology that has led to the marginalization of difference and dissent. The book shows how Butler and Foucault can provide essential insights for Catholic theology and is valuable reading for scholars of religion, philosophy, and gender and sexuality studies. *Lodovico Antonio Muratori* Matteo Al Kalak, Marco Capriotti, Gianvittorio Signorotto, 2025-10-29

Lodovico Antonio Muratori (1672-1750) was one of the most prominent intellectuals of eighteenth-century Europe. His scholarship spanned from philosophy to jurisprudence, from history to epigraphy, from theology to medicine, and his political and social vision was regarded as the manifesto of the prevailing politics on the Peninsula in the first half of the eighteenth century, the so-called Muratorian age, precursing the Age of Enlightenment. However, despite his undisputed importance, there is not adequate awareness of Muratori's work and personality outside of Italy. *Lodovico Antonio Muratori: An Intellectual in the Republic of Letters* aims at providing scholars with a reference tool on Muratori's life and works, featuring contributions of both distinguished and young international scholars on all the main aspects of his production, taking into account European politics, culture, philosophy, history, law, medicine, and the society of the first half of eighteenth century.

Nineteenth-Century Salesian Pentecost, The Boenzi, Joseph, SDB, Chorpenning, Joseph F., OSFS, Toczyski, Suzanne C., Wright, Wendy M., 2022 In the wake of the French Revolution and other upheavals, Don Bosco (1815-1888) and other nineteenth-century founders and spiritual leaders contributed to the development of spiritual practices and perspectives on the Christian life that have been described as the Salesian Pentecost. Here are translations of and commentaries on the little-known spiritual writings of Don Bosco, his collaborators, and his contemporaries involved in the Salesian Pentecost. These diverse persons, fully engaged in apostolic ministry or occupied with the demands of ordinary life as lay women and men, were at the same time engaged in conscious spiritual practices that sought the interior exchange of the heart of Jesus for the human heart. *History and Morality* Donald Bloxham, 2020-07-02 Against majority opinion within his profession, Donald Bloxham argues that it is legitimate, often unavoidable, and frequently important for historians to make value judgements about the past. *History and Morality* draws on a wide range of historical examples and its author's insights as a practicing

historian Examining concepts like impartiality neutrality contextualisation and the use and abuse of the idea of the past as a foreign country Bloxham s book investigates how far tacit moral judgements infuse works of history and how strange those histories would look if the judgements were removed The author argues that rather than trying to eradicate all judgemental elements from their work historians need to think more consistently about how and with what justification they make the judgements that they do The importance of all this lies not just in the responsibilities that historians bear towards the past responsibilities to take historical actors on those actors own terms and to portray the impact of those actors deeds but also in the role of history as a source of identity pride and shame in the present The account of moral thought in History and Morality has ramifications far beyond the activities of vocational historians The Moral Wisdom of the Catholic Church Robert Spitzer,2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church s moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues Imprimatur The Most Reverend Kevin J Vann J C D O D Bishop Diocese of Orange February 28 2021 **Agnes Sanford and Her Companions** William L. De Arteaga,2015-08-17 Agnes Sanford was arguably the most original and spiritually fruitful theologians of the twentieth century Among her achievements were the discovery and development of the inner healing ministry the development of a theology of the light of God missing in Western theology and the first ever theology of nature prayers as in stilling storms She and her husband developed a school to teach ministers and lay leaders healing and deliverance prayer and the gifts of the Spirit a decade before the charismatic renewal made such things acceptable in mainline churches In spite of these achievements she is largely ignored and unrecognized today This work examines her career and shows why her theology though deeply biblical was unacceptable to orthodox critics Sanford was part of a group who worked from the 1900s through the 1960s to make healing and deliverance prayer as normal in church They had to confront the erroneous established theology of cessationism which affirmed that the healing ministry of the church was past *Bihar and Mithila* J. Albert Rorabacher,2016-09-13 The world has become obsessed with the Western notions of progress development and globalization the latter a form of human and economic homogenization

These processes through the aegis of the United Nations are comparatively monitored Those nations deemed to be lagging behind are then provided with foreign aid and developmental assistance For nearly seventy years India has sought its place in this global endeavour yet even today abject poverty and backwardness can be observed in districts in almost every state with the highest concentration of such districts found in the state of Bihar and a cultural enclave known as Mithila Development in India has been elusive because it is difficult to define and because the Western concepts of development and progress have no absolute equivalents within many non Western settings As a consequence development programmes often fail because they are unable to ask the right questions but equally important is the political economy derived from foreign aid For politicians there is no long term benefit to be derived from successful development In general foreign aid only serves to corrupt governments and politicians and in the end does very little for those who need help The struggling states of Bihar and Mithila serve as extreme examples of India s problems Development here has been thwarted by a hereditary landed aristocracy supported by religion casteism custom social stratification tradition and patterns of behaviour that can be traced back millennia In turn all these have been masterfully manipulated by co opted politicians who have turned politics into a veritable art form as this volume comprehensively demonstrates

Paradigm Shift: Why International Students Are so Strategic to Global Missions Jack D. Burke PhD M.Div.,2019-03-15 It is of strategic importance for international students and scholars to come under the umbrella of global missions The author is convinced there is need for a paradigm shift in global missions With over one million international students from practically every country on the face of the earth many being Christian having come to the U S for their higher education we cannot afford to waste this golden opportunity Reasons will be provided why this is our divine moment in history for Christian leadership to

rise up and take action The potential is there for us to create a tremendous impact for Christ on nations which in the past have been difficult to reach God works in mysterious ways and this has to be one of them It is imperative that we get with God s program and focus on identifying Christian international students soon after their arrival on campus training them Biblically and theologically equipping them for their return home following them up after their return with support Documentation is provided some from missionaries themselves showing that properly trained Christian international students after returning home are much more effective than traditional foreign missionaries Reasons why are clearly and with great conviction provided However we still need traditional foreign missionaries because of the fields being white unto harvest but the laborers are few The reader will be fascinated by the illustrations of those Christian international students who returned home to accomplish feats for God on a scale that never before had been thought possible
