Noncanonical Writings And New Testament Interpretation:

Early Jewish Writings and New Testament Interpretation C. D. Elledge, 2023 *Early Jewish Writings and New Testament Interpretation* is a concise introductory volume to orient undergraduates seminarians and interested readers to some of the most important early Jewish writings that currently inform New Testament interpretation While the literature of Early Judaism is vast five specific literary categories stand at the forefront of modern New Testament research These include wisdom writings apocalypses rewritten scriptural narratives the Dead Sea Scrolls and the writings of Philo and Josephus Individual chapters explain their respective contributions toward interpreting the theological ideas socio historical settings and literary features of specific New Testament writings The volume further describes literary collections that the church would later classify as apocrypha and pseudepigrapha providing an historically nuanced perspective on what scripture might have looked like prior to the formation of the biblical canon Interpreted within their ancient context many of these writings offer insight into a religious environment in which Judaism and the nascent church were still emerging religions that had not yet gone their separate ways The reader of the New Testament today can therefore understand the indebtedness of the New Testament literature to traditions found in contemporary Jewish works while also appreciating the creative new ways in which the church interpreted them

Dictionary of New Testament Background CRAIG A EVANS, STANLEY E PORTER, 2020-05-21 The Dictionary of New Testament Background joins the Dictionary of Jesus and the Gospels the Dictionary of Paul and his Letters and the Dictionary of the Later New Testament and its Developments as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the ancient Mediterranean world has grown this volume sets out for readers the wealth of Jewish and Greco Roman background that should inform our reading and understanding of the New Testament and early Christianity The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls

Zondervan, 2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don't know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of

caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points **Romans 4 and the New Perspective on Paul** Gerhard H. Visscher, 2009 In addition to examining Romans IV includes discussion of writings supporting and opposing the New Perspective position **Perspectives of Jesus in the Writings of Paul** Gerry Schoberg, 2014-02-27 The critical question of the relationship between Jesus and Paul has been well established in New Testament studies for over 150 years and it needs to be addressed with all the tools of historical criticism that scholarship has developed So states Gerry Schoberg at the beginning of this new and important work that does just that By coupling comparative instances in the gospels and the works attributed to Paul Schoberg invites the reader to enquire more profoundly than in past studies as to the nature of the relationship between Jesus and the most dramatic of Christian converts At the heart of this study is not only the question of whether the New Testament truly gives a unified vision of the Christian movement but also how the early followers of Jesus felt able to draw such insightful conclusions about him Answering such questions through the study of Jesus and Paul offer an insight as to how one is to make theological sense of the many details experienced from day to day and thereby live a life in Christ *Exploring Jewish Literature of the Second Temple Period* Larry R. Helyer, 2002-07-05 Larry R Helyer provides an introduction and historical context for the wealth of Jewish literature outside the Hebrew Bible and he explores the pressures realities questions and dreams that nurtured and provoked these written works
