Proper Confidence Faith Doubt And Certainty In Christian Discipleship:

Proper Confidence Lesslie Newbigin, 1995-03-30 Looking to end the divisive conflict that has raged between Christians who attack each other either as liberals or as fundamentalists Newbigin here gives a historical account of the roots of this conflict in order to begin laying the foundation for a middle ground that will benefit the Christian faith as a whole What results is a perspective that allows Christians to confidently affirm the gospel as public truth in our pluralistic world

The Oxford Companion to Christian Thought Adrian Hastings, Alistair Mason, Hugh S. Pyper, 2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays

For Our Salvation Geoffrey Wainwright, 1997 Central to Christianity is the work of Christ as savior of the world In this book Geoffrey Wainwright presents the classical confession of Christ's incarnation and atoning work in ways that allow the gospel message to engage with contemporary culture Amid social tendencies both to disown our physical nature and to be absorbed in it Wainwright first argues that a comprehensively biblical doctrine of the Word made flesh will help to school our bodily senses as befits earthly creatures with a spiritual destiny The incarnation shows God reaching us through sound sight taste touch and scent and inviting us to a rounded response of intellect affections and action In the second half of the book the traditional description of Christ's saving work in terms of his prophetic priestly and royal offices is brought to bear on current concerns with knowledge and meaning with power and authority and with the pain of alienation and the possibility of redemption Widely known and highly regarded in both the church and the academy Wainwright here draws on his familiarity with doctrinal and liturgical history and his decades of experience in the ecumenical movement to offer two complementary accounts of Christ's saving work that will

appeal to all who are committed to the cause of evangelical and catholic Christianity **Changing Your Mind Without Losing Your Faith** David M. Holley, 2022-01-13 This book is written for people who are tempted to leave the church because the message they have been hearing has come to seem intellectually unacceptable morally objectionable or spiritually deadening maybe even all three Often these people see no alternative to the version of Christian faith that they now find difficult to accept They have been told that rejecting anything they have been taught means ceasing to be a Christian What they have been told is wrong But seeing new possibilities means reconsidering assumptions that are often taken for granted and it can be difficult to imagine on your own a form of faith different from what you are used to This book provides some help It can be thought of as a guide for those who see the need to let go of some of what they have been taught but don't know how to replace it with something better Rethinking your faith can be scary But giving up on what is unbelievable can help to clear the way for the kind of faith that is more believable and ultimately more satisfying Changing your mind can be a way of saving your faith **Teaching the Faith, Forming the Faithful** Gary A. Parrett, S. Steve Kang, 2009-10-16 With the decline of traditional Sunday school and education programs in recent years many Christians have not learned the fundamental doctrinal content of the faith In this text Gary Parrett and Steve Kang set forth a thoroughly biblical vision for intentional teaching of the Christian faith that attends to both the content and process of educational and formational ministries T. F. Torrance as Missional Theologian Joseph H. Sherrard, 2021-06-01 What contribution can T F Torrance make to the discussion of a missional view of the church Theologian and pastor Joseph Sherrard considers how Torrance's theology can inform the church's understanding of its ministry and mission in particular his appeal to the church's participation in the ascended Christ's threefold office as king prophet and priest **Missional Discipleship After Christendom** Andrew R. Hardy, Dan Yarnell, 2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post-Christian context Missional discipleship allows the missio Dei to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today **Gospel and Culture: Finding Ways To Engage The Culture With God's Enduring Message of Hope** Michael Gunn, 2018-11-18 How has the culture affected the gospel of Jesus Christ and how has that affected the witness of the church in the 21st century This book intends to address those questions and then work toward a healthy correction to recapture the truth of the gospel and the glory of God and help people engage the culture instead of separating from it *Four Views on the Church's Mission* Zondervan, 2017-10-24 What is the Church's mission What does it mean to participate in God's mission personally How do

mission and culture interact and conflict This book articulates various evangelical views regarding the church's mission and provides a healthy vigorous and gracious debate on this controversial topic In a helpful Counterpoints format this volume demonstrates the unique theological frameworks doctrinal convictions and missiological conclusions that inform and distinguish the views Soteriological Mission Jonathan Leeman Participatory Mission Christopher Wright Contextual Mission John Franke Ecumenical Political Mission Peter Leithart Each contributor answers the same key questions based on their biblical interpretations and theological convictions What is your biblical theological framework for mission How does your definition of mission inform your understanding of the church's mission How does the Mission of God and Kingdom of God relate to the mission of the church What is the gospel How does your view on the gospel inform the mission of the church How do verbal proclamation of the gospel discipleship corporate worship caring for the poor social justice restoring shalom developing culture and international missions fit into the church's mission The interactive format helps readers get a clearer picture of why different conclusions are drawn and provide a fresh starting point for discussion and debate of the church's mission The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *Longing to Know* Esther Lightcap Meek, 2003-07-01 We don't often think about the act of knowing but if we do the question of what we know and how we know it becomes murky indeed *Longing to Know* is a book about knowing knowing how we know things knowing how we know people and knowing how we know God This book is for those who are considering Christianity for the first time as well as Christians who are struggling with issues related to truth certainty and doubt As such it is a wonderful resource for evangelists pastors and counselors This unique look at the questions of knowing is both entertaining and approachable Questions for reflection make it ideal for students of philosophy and all those wrestling with the questions of knowledge
