Prophecy 20 Or 20 Profiling The Future Through The Lens Of Scripture:

Prophecy 20/20 Chuck Missler, 2006-08-27 Dr Chuck Missler's Prophecy 20/20 is a comprehensive easily digested book that will give you a basic understanding of how past events fulfilled biblical prophecy. It provides a strategic grasp of prophecy that equips you to clearly see the prophetic moment of current events. Chuck Missler, founder of Koinonia House, analyzes trends on the geopolitical and technological horizons as well as their implications for the coming years. **Why Did Yahweh and His Son Yahshuah Say What They Said?** Dr. Justin G. Prock, 2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been spiritualized for over a Millennium which has led to the belief in Universalism, the belief that YAHSHUAH died for EVERYONE. Well, after one studies the original languages of the Hebrew, Aramaic, and Greek, the message of the Kingdom of God was preached to and accepted by a certain House in the Bible. The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving it to another nation bringing forth fruit. There are only the House of Israel, the House of Judah, and the House of David mentioned in the Bible. All three existed then as they do today. However, most of today's Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today. The people groups which YAHWEH and YAHSHUAH addressed still exist today. However, these people are all mixed up and known by different names but they DO exist. This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology. This brings us to the major question of: Is the Bible only about Israel? And if so, how does it affect our Eschatology today? This book answers these hard questions.

A letter-by-letter dictionary of prophetic terms from Aaron to Zwingli. Sixty essays covering the most complex end-times concepts. Healthy doses of history, philosophy, and apocalyptic shop talk. It's handy, it's thorough, it's essential for every interested lay reader, Bible scholars, and clergy professionals. **Israel, the Church, and**

Millenarianism Steven D. Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council, Roman Catholic theologians have sought to overcome an overarching problem facing Jewish-Christian relations: the concept of supersessionism, the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church. Israel, the Church, and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement: the early Church's promotion of millennialism. Utilizing the best in Patristic research, Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's

reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ *The Bible*

Made Impossible Christian Smith, 2012-08-01 Biblicism an approach to the Bible common among some American evangelicals emphasizes together the Bible's exclusive authority infallibility clarity self sufficiency internal consistency self evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicism worked as its proponents say it should there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked *History and Mystery: The Complete Eschatological Encyclopedia of Prophecy, Apocalypticism, Mythos, and*

Why the End of the World is Not in Your Future Gary DeMar, 2008 **God's Heart for Israel (and Us)** John Weldon, 2011-07-12 We read God's promises to Israel in the Old Testament where it is referred to as the apple of His eye but is God done with Israel since they rejected their Messiah Are we as Christians supposed to stand for the nation of Israel today Has the Church now replaced Israel so that God's promises and covenants given in the OT no longer apply to Israel What is Israel's global importance Is global anti-Semitism on the rise What will be Israel's ultimate future According to an article in the Jerusalem Post of June 17 2011 Israel is at a do or die moment As was the case in May 1967 when the combined Arab armies gathered with the express purpose of wiping the Jewish state off the map today again Israel is alone in its hour of greatest peril John Weldon is able to answer these questions and address the important issues of our day because of the extensive research he has done on Middle East and America He shares what he has learned in this deeply thought provoking book
