Understanding End Times Prophecy Paul Benware,2006-05-01 Many Christians think of end times prophecy as a gigantic intimidating puzzle difficult to piece together and impossible to figure out But every puzzle can be solved if you approach it the right way Paul Benware compares prophecy to a picture puzzle Putting the edge pieces together first builds the framework that makes it easier to fit the other pieces in their place According to Benware the framework for eschatology is the biblical covenants He begins his comprehensive survey by explaining the major covenants Then he discusses several different interpretations of end times prophecy Benware digs into the details of the Rapture the Great Tribulation the judgements and resurrections and the millennial kingdom But he also adds a unique personal element to the study answering questions as Why study bible prophecy What difference does it make if I m premillennial or amillennial If what the Bible says about the future puzzles you Understanding End Times Prophecy will help you put together the pieces and see the big picture

End Time Rewind: An Exploration In Bible Prophecy And The Fate Of The World Steven Sabatino, Remember when End Time Rewind warned you not to fall for the Doomsday Rapture theories of Dispensational Premillennialism and their Zionist partners Well now that we ve survived John Hagee s Four Blood Moons Jonathan Cahn s Super Shemitah and the menacing tentacles of the now defunct European Union and Islamic State the supposed Beast Kingdoms of Revelation 17 the Futurist s next false claim centers around the 70 year anniversary of Israel s founding Is the Jewish State really the prophetic clock by which God aligns world events and the return of Christ Many Doomsday Rapture forecasts have been put forth in the name of Futurism since the 2nd century AD none of which have come to fruition This is disconcerting because failed predictions and false expectations promoted by our Christian counterparts diminishes the credibility of the Bible and scars the reputation and integrity of the Prophetic Office of Jesus Christ The age old tried and true Orthodox aka Partial or Classical Preterist approach maintains that the majority of Bible prophecies were already fulfilled by the end of the first

century AD and included Jesus appearing in an Old Testament styled non physical manifestation with power and great glory All that remains to be accomplished in the future is for Jesus Christ to physically return to raise the dead which is when the rapture also occurs preside over the final judgment and create a new heaven and earth devoid of sin and death where the new and holy Jerusalem from heaven descends as per Revelation 20 7 Revelation 22 5 *A A Prisoner's Cry* Johnny Paul Collins B.Th,2023-04-13 The citizens of the world as we know it currently feel more lost confused hopeless helpless and angry than they have ever felt in remembrance of time past Many have no idea what is going on with the occurrence of catastrophe after a catastrophe that is plaguing the nations of the earth from wars droughts food shortages and newly emerging diseases and most have an expectation that things are only going to get worse from this point moving forward both in the short term and long term Consequently an undertone of apprehension uncertainty and a healthy fear of what may be coming next upon the earth have all left the populations of our world rightly on edge In *A Prisoner's Cry Look Up Your Redemption Draws Near* Minister Johnny Paul Collins provides us with a biblically sound and evidence based explanation for the seven sorrows that are currently distressing mankind and he warns of the additional sufferings for many that are on the way Through the biblical time specific promise of our Lord hope is provided for the saved and forewarning is given for those unbelieving and wicked inhabitants of the earth who continue to resist and oppose God **A Class-Book of Biblical History and Geography with numerous maps** H. S. Osborn,2022-05-29 In *A Class Book of Biblical History and Geography* with numerous maps H S Osborn intricately intertwines the rich tapestry of biblical narratives with the geographical landscapes that shaped them The book employs a straightforward yet engaging literary style richly adorned with maps that provide essential context to the biblical events discussed Osborn's work draws upon a blend of historical analysis and cartographic illustration making it not just an educational tool but also an immersive reading experience that relates scripture to the physical world in a vivid accessible manner This scholarly approach situates the text within the broader scope of biblical studies appealing to students and enthusiasts alike who seek to deepen their understanding of scriptural geography and history H S Osborn an educator and historian likely drew upon his extensive background in biblical scholarship and cartography to craft this comprehensive guide His meticulous research reflects a profound dedication to elucidating the connections between sacred texts and their geographical settings Such a foundation not only underlines Osborn's expertise but also sheds light on the motivations that inspired him to create a resource that bridges the often separated realms of history and geography in the biblical context For scholars students and anyone intrigued by the Bible's historical and geographical significance Osborn's handbook serves as an invaluable resource The integration of maps and narratives offers a clear pathway to understanding the complexities of biblical events This book is a must have for those looking to enrich their comprehension of scripture and its contextual landscape making it an essential addition to any theological library **Into His Presence, Volume 2** Napoleon Burt,2020-06-02 The God of the Bible is not a concept to be

studied but a divine person each of us can and should encounter personally Into His Presence Volume 2 uses the documented encounters of the prophets of old with the God of History as tools to help you understand the character of God as a person In this book you will see the God of the Bible as a divine person encountered by the prophets and the writers of the Old Testament The approach to the study of the Bible presented in this book will completely change how you read the Bible and how you perceive the divine author of the Bible In this book you will learn how many historically documented conversations each of the great prophets had with God and understand that Jehovah moved with purpose in each of His encounters with His prophets Your understanding of the character of God will be enriched as you see Him through the eyes of Elijah Jehovah s defender against religious and political leaders who waged an aggressive campaign against the worship of Jehovah You will be enlightened as you examine the person of Jehovah through the eyes of Isaiah and understand why he saw Jehovah as the only Savior and the coming Messiah You will be amazed by the number of conversations Jeremiah had with God and see how his encounters with Jehovah demonstrate that encountering Jehovah can completely transform your views about His person You will walk with Daniel Zechariah Esther and Nehemiah as their relationships with Jehovah turn them into His ambassadors in their own world Through the enumerated experiences of each of the prophets you will come to understand the consistent character attributes of God as a person over the course of history You will conclude that God is a divine person with whom you can also have an intimate relationship As you read this book you will feel the God of the Bible personally calling you into His presence

Truth, Beauty, and Goodness in Biblical Narratives Krzysztof Sonek, 2009 The book proposes a hermeneutical theory which uses modern approaches to literary texts for the exegesis of biblical narratives This theory is then applied to the exegesis of Genesis 21 1 21 and involves the evaluation of the New Criticism rhetorical criticism structuralism and narrative analysis reader response criticism the historical critical method as well as deconstruction To satisfy the postulate of pluralism in interpretation the theory draws upon a variety of ancient and modern sources such as Aristotle T S Eliot Hans Urs von Balthasar and Paul Ric ur
