Great Australian Dissents Andrew Lynch,2016-09-08 When judges disagree those in the minority write a dissenting opinion This book considers the great dissents in Australian law Their worth may derive from numerous factors including their rhetorical force as a piece of legal reasoning or emotive power as a judicial lament for the error into which the majority has fallen the general importance of the issue at stake as a challenge to the orthodoxy and sometimes the subsequent recognition of a dissenting opinion s correctness and its ultimate vindication On some occasions all these features may be strongly present on others only some Through a diverse selection of memorable dissenting opinions this book illuminates the topic of judicial disagreement more generally not only through examples of instances when minority opinions have been distinctly valuable but by drawing out a richer understanding of the attributes and circumstances which lead some dissents to become iconic while so many lie forgotten
