Sextus Propertius

Propertius The Poems:

Propertius in Love Sextus Propertius, 2002-06-03 Goethe whose Roman Elegies drew on him recognized in Propertius a romantic sensibility akin to his own Ezra Pound's Homage to Sextus Propertius on the other hand read the poet as a fellow satirist and political dissident Whatever the merits of these and other competing interpretations Propertius has by now certainly come into his own acquiring a whole new generation of readers Indeed in his 1997 play about the scholar poet Housman Tom Stoppard suggests that Propertius is one of the poets who were responsible for the invention of love in the West The occasion of a lively new version by the poet David Slavitt invites a reexamination of Propertius with particular attention to what most recommends him to us today his sophisticated exploration of love and gender relations his difficult we might almost say modernist poetics his strikingly independent politics that are concomitant with an overriding commitment to love and to literature and finally his attempt later in life to reinvent himself and his art from the foreword by Matthew S Santirocco New York University David Slavitt's bold bawdy expansive and sinewy version of Propertius is a sleep stealer a book of wonders that bursts through limitations and the concept of enough Slavitt's continually startling Propertius in Love brings to mind Pasternak's line that the root of beauty is audacity Through the dialectic of eros and mortality and the marriage of poet and translator Latin and English we are hurtled back to the site where the invention of love is reenacted Mark Rudman winner of National Book Critics Circle Award for his poetic trilogy Rider The Millennium Hotel and Provoked in Venice His latest book is The Couple

The Poems Sextus Propertius, 2004 Flamboyant and passionate the love poems of Propertius are among the most beautiful to have been written in any language In this eloquent and consistently faithful translation W G Shepherd does full justice to the work of this remarkable Latin poet Born about 48 B C in Umbria Sextus Propertius was one of a group of poets influenced by Greek Alexandrian mannerism who developed the genre of Roman love elegy Through shifting moods of ecstasy and frustration his early works celebrate his obsessive love for his mistress Cynthia All his work is distinguished by strong visual imagery richness of language and an intensely personal style

The Poems of Sextus Propertius Sextus Propertius, 2022-02-25 Propertius is a poet of singular boldness and originality It is perhaps fitting that he have a translator to match The results justify his approach McCulloch has remained faithful to the essential content development and tone of his originals At the same time by refusing rigid adherence to the syntax and vocabulary of each poem he has allowed himself the freedom to endow his versions with all the force and expressiveness that he has at his command These are considerable for he is a gifted poet His versions possess a rapidity and piquancy unusual in translations Some of his turns of phrase are quite arresting In short his translations are also poems in their own right Classical World This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was

originally published in 1972 *Propertius* Sextus Propertius, 1906 **Poems of Sextus Propertius** Sextus Propertius, 2018

The Poetry Book Society Autumn 2018 Recommended Translation Asked to name the great Latin love poets today's reader is likely to offer Catullus Ovid Virgil Horace Propertius a successor of the first and influential peer to the others has not been blessed by posterity Yet at their best his poems match any of the period They are poems of love of desire of insecurity and obsession of struggle too as they resist the Augustan Empire's attempts to turn its love poets into propagandists The result is a highly refined irony a subtlety of tone and humour that is unique Patrick Worsnip's translations bring out Propertius playfulness and his psychological acuity reinstating his poems at the heart of Latin literature's golden age The Elegies of Propertius, With Notes Sextus Propertius, Charles Abraham Elton, John Nott, 2023-07-18 The Elegies of Propertius is a collection of love poems that captures the essence of ancient Roman romance With notes provided by the author readers can gain a deeper understanding of the cultural and historical context of these poems This book is a must read for anyone interested in ancient literature and the art of seduction This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Complete Elegies of Sextus Propertius* Propertius, 2016-07-07 The Roman poet Propertius is best known as the writer who perfected the Latin love elegy a technical as much as a psychological and cultural feat Propertius has been admired for both his metrical genius and the modernity of his narrative flow Many of the poems here pay tribute to Cynthia Propertius's romantic obsession but the scope of these 107 elegies is broad Propertius's poetry offers a fascinating look into life in the Augustan age addressing social political and historical subjects A contemporary of Virgil and Horace Propertius has influenced scores of poets from Ovid to Housman to Pound His poetry appears here for the first time in a dual language edition with the translations facing the original Latin Rendered into English by a poet who is also one of the nation's pre eminent Propertius experts the volume brings Propertius's difficult mix of vernacular and high literary allusion into contemporary language Cynthia was the first She caught me with her eyes a fool who had never before been touched by desires Love cast down my look of constant pride and he pressed on my head with his feet until he taught me to despise chaste girls perversely and to live without plan Already it's been a whole year that the frenzy hasn't stopped when for all that the gods are against me Propertius: Elegies Book 4 Propertius, 2009-06-18 In this edition of Propertius Book IV Camps follows the general lines of his earlier edition of Book I Cambridge 1960 He has presented without concealing difficulties and uncertainties a fairly conservative but readable and coherent text together with such annotation as may help the modern

reader of Latin to understand the language and follow the thought of this difficult much disputed but very rewarding poet While the book may be of interest to students and amateurs of Latin in general the editor has had in mind the particular needs of undergraduates and of sixth forms The notes are weighted differently from those in Butler and Barber s edition of 1933 and the text of that edition and from the Oxford text of 1960 As far as we know this is the poet s last work He has moved away from his earlier preoccupation with the theme of love and the eleven careful elegies that compose the present book are on a variety of subjects Most are concerned with Roman antiquities The last is an elaborate and celebrated epitaph on a lady of Roman nobility But perhaps the poems likely to appeal most to a modern reader are the two in which Propertius recalls and exhibits in a new light the figure of Cynthia the declared inspiration of the elegies of Book I **An**

Interpretation of the Poetry of Propertius (50-15 B.C.) Brian Arkins, 2005 This book aims at providing a brief but comprehensive introduction to the poetry of Propertius one of the major writers of the Augustan era A study of backgrounds to Propertius notes the qualities Pound found in him humour devotion to his craft a very special use of language as well as stressing the importance of Callimachus and the status of Roman women Callimachus provided Propertius with a congenial aesthetic of the short poem erudition craftsmanship and innovation the latter is found in the Cynthia poems In Propertius the primacy of Cynthia is assured Cynthia prima are his first two words What makes it possible to write endlessly about Cynthia is the fact that her self is forever changing being virago wronged woman mistress wife faithful Penelope deserted Ariadne while Propertius is her slave This concern with love ensured that for long Propertius avoided political topics but in his last book 4 he writes of politics and in particular of the battle of Actium in language that is radically defamiliarising The Poems of Propertius Sextus Propertius, Ronald Musker, 1972-01-01
