Property Rites The Rhinelander Trial Passing And The Protection Of Whiteness:

Property Rites Elizabeth M. Smith-Pryor, 2009-04-30 In 1925 Leonard Rhinelander the youngest son of a wealthy New York society family sued to end his marriage to Alice Jones a former domestic servant and the daughter of a colored cabman After being married only one month Rhinelander pressed for the dissolution of his marriage on the grounds that his wife had lied to him about her racial background The subsequent marital annulment trial became a massive public spectacle not only in New York but across the nation despite the fact that the state had never outlawed interracial marriage Elizabeth Smith Pryor makes extensive use of trial transcripts in addition to contemporary newspaper coverage and archival sources to explore why Leonard Rhinelander was allowed his day in court She moves fluidly between legal history a day by day narrative of the trial itself and analyses of the trial's place in the culture of the 1920s North to show how notions of race property and the law were and are inextricably intertwined

Handbook of Critical Race Theory in Education Marvin Lynn, Adrienne D. Dixon, 2013-09-02 This handbook illustrates how education scholars employ Critical Race Theory CRT as a framework to bring attention to issues of race and racism in education It is the first authoritative reference work to provide a truly comprehensive description and analysis of the topic from the defining conceptual principles of CRT in the Law that gave shape to its radical underpinnings to the political and social implications of the field today It is divided into three sections covering innovations in educational research policy and practice in both schools and in higher education and the increasing interdisciplinary nature of critical race research With 28 newly commissioned pieces written by the most renowned scholars in the field this handbook provides the definitive statement on the state of critical race theory in education and on its possibilities for the future

Intimate Lies and the Law Jill Elaine Hasday, 2019-06-25 Jill Elaine Hasday's *Intimate Lies and the Law* won the Scribes Book Award from the American Society of Legal Writers for the best work of legal scholarship published during the previous year and the Foreword INDIES Book of the Year Award for Family and Relationships Intimacy and deception are often entangled People deceive to lure someone into a relationship or to keep her there to drain an intimate's bank account or to use her to acquire government benefits to control an intimate or to resist domination or to capture myriad other advantages No subject is immune from deception in dating sex marriage and family life Intimates can lie or otherwise intentionally mislead each other about anything and everything Suppose you discover that an intimate has deceived you and inflicted severe even life altering financial physical or emotional harm After the initial shock and sadness you might wonder whether the law will help you secure redress But the legal system refuses to help most people deceived within an intimate relationship Courts and legislatures have shielded this persistent and pervasive source of injury routinely denying deceived intimates access to the remedies that are available for deceit in other contexts *Intimate Lies and the Law* is the first book that systematically examines deception in intimate relationships and uncovers the hidden body of law governing this duplicity Hasday argues that the law has placed too much emphasis on protecting intimate deceivers and too

little importance on helping the people they deceive The law can and should do more to recognize prevent and redress the injuries that intimate deception can inflict *The Jazz Age* Linda De Roche,2015-09-29 This intriguing study examines the truth behind the myths and misconceptions that defined the Roaring Twenties as portrayed through the popular literary works of the time This one stop reference to the Jazz Age the period that began after the First World War and ended with the stock market crash of 1929 digs into the cultural historical and literary contexts of the era Author Linda De Roche examines the writing of the time to look beyond the common conceptions of the Roaring Twenties and instead reflect on the era s complexities and contradictions including how gender and race influenced social mores The book profiles key American literature of the time including F Scott Fitzgerald s *The Great Gatsby* Ernest Hemingway s *The Sun Also Rises* Sinclair Lewis s *Babbitt* Anita Loos s *Gentlemen Prefer Blondes* and Nella Larsen s *Passing* Filled with essays that offer historical explorations of each work as well as suggested learning activities chapters also feature study questions primary source documents and chronologies Support materials include activities lesson plans discussion questions topics for further research and suggested readings *The Walled Garden* Lawrence M. Friedman,Joanna L. Grossman,2022-04-11 Privacy in human history is a relatively recent concept Nobody had much privacy in the Middle Ages Even kings and queens lacked privacy it was an age when crowds watched a queen give birth and the king received visitors while on the chamber pot Technology and concepts of privacy grew up together as both friends and enemies For example the late 19th century invention of the candid camera made it possible for the first time to take someone s picture without that person s consent This fact was in the background of the classic article by Warren and Brandeis that launched the right of privacy Today we have smart phones with cameras selfies the Internet surveillance cameras and tools that can look through walls smell through walls see through walls Dangers to privacy have multiplied enormously and we have only just begin figuring how to handle the change This book is timely as our basic understandings of privacy are challenged by modern technology changing social mores and evolving legal understandings that both reflect and reinforce underlying changes in society It is likely to be of interest to graduate and undergraduate students scholars and potentially other professionals with an interest in law and social norms

Shape Shifters Lily Anne Y. Welty Tamai,Ingrid Dineen-Wimberly,Paul Spickard,2020-01-01 *Shape Shifters* presents a wide ranging array of essays that examine peoples of mixed racial identity Moving beyond the static either or categories of racial identification found within typical insular conversations about mixed race peoples *Shape Shifters* explores these mixed race identities as fluid ambiguous contingent multiple and malleable This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts The essays in *Shape Shifters* explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters the Native peoples of the missions of Spanish California and racial shape shifting among African Americans in the post civil rights era At different times in their lives or over generations in their families racial shape

shifters have moved from one social context to another And as new social contexts were imposed on them identities have even changed from one group to another This is not racial ethnic or religious imposture It is simply the way that people s lives unfold in fluid sociohistorical circumstances With contributions by Ryan Abrecht George J S nchez Laura Moore and Margaret Hunter among others Shape Shifters explores the forces of migration borderlands trade warfare occupation colonial imposition and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space

Passing Interest Julie Cary Nerad,2014-06-16 The first volume to focus on the trope of racial passing in novels memoirs television and films published or produced between 1990 and 2010 Passing Interest takes the scholarly conversation on passing into the twenty first century With contributors working in the fields of African American studies American studies cultural studies film studies literature and media studies this book offers a rich interdisciplinary survey of critical approaches to a broad range of contemporary passing texts Contributors frame recent passing texts with a wide array of cultural discourses including immigration law the Post Soul Aesthetic contemporary political satire affirmative action the paradoxes of colorblindness and the rhetoric of post racialism Many explore whether one drop of blood still governs our sense of racial identity or to what extent contemporary American culture allows for the racially indeterminate individual Some essays open the scholarly conversation to focus on ethnic passers individuals who complicate the traditional black white binary while others explore the slippage between traditional racial passing and related forms of racial performance including blackface minstrelsy and racial masquerade

The Trial of Mrs. Rhinelander Denny S. Bryce,2024-07-23 Inspired by a real life scandal that was shocking even for the tumultuous Roaring Twenties this captivating novel tells the story of a pioneering Black journalist a secret interracial marriage among the New York elite and the sensational divorce case that ignited an explosive battle over race and class and brought together three very different women fighting for justice legitimacy and the futures they risked everything to shape For readers of Dolen Perkins Valdez Marie Benedict and Victoria Christopher Murray a transporting work of fact based historical fiction from Denny S Bryce bestselling author of Wild Women and the Blues In the Face of the Sun and Can t We Be Friends A Novel of Ella Fitzgerald and Marilyn Monroe New York 1924 Born to English immigrants who ve built a comfortable life idealistic Alice Jones longs for the kind of true love her mother and father have She believes she s found it with Leonard Kip Rhinelander the shy heir to his prominent white family s real estate fortune Alice too is white though she is vaguely aware of rumors that question her ancestry gossip her parents dismiss But when the lovers secretly wed Kip s parents threaten his inheritance unless he annuls the marriage Devastated but determined Alice faces overwhelming odds both legally and in the merciless court of public opinion But there is one person who can either help her or shatter her hopes for good Reporter Marvel Cunningham The proud daughter of an accomplished Black family Marvel lives to chronicle social change and the Harlem Renaissance s fiery creativity At first Marvel sees Alice s case as a tabloid sensation generated by a self hating

woman who failed to pass But the deeper she investigates the more she will recognize just how much she and Alice have in common For Rhinelander vs Rhinelander will bring to light stunning truths that will force both women to confront who they are and who they can be in a world that is all too quick to judge **The Black Skyscraper** Adrienne Brown,2017-11-15 A highly interdisciplinary work The Black Skyscraper reclaims the influence of race on modern architectural design as well as the less well understood effects these designs had on the experience and perception of race A Degraded Caste of Society Andrew T. Fede,2024-10 A Degraded Caste of Society traces the origins of twenty first century cases of interracial violence to the separate and unequal protection principles of the criminal law of enslavement in the southern United States Andrew T Fede explains how antebellum appellate court opinions and statutes when read in a context that includes newspaper articles and trial court and census records extended this doctrine to the South s free Black people consigning them to what South Carolina justice John Belton O Neall called a degraded caste of society in which they were in no respect on a perfect equality with the white man This written law either criminalized Black insolence or privileged private white interracial violence which became a badge of slavery that continued to influence the law in action contrary to the Constitution s mandate of equal protection of the criminal law The U S Supreme Court enabled this denial of equal justice as did Congress which did not make all private white racially motivated violence a crime until 2009 when it adopted the Matthew Shepard and James Byrd Jr Hate Crimes Prevention Act Fede s analysis supports that law s constitutionality under the Thirteenth Amendment while suggesting why during the Jim Crow era and beyond equal protection of the criminal law was not always realized and why the curse of interracial violence has been a lingering badge of slavery
