Catalogue of Choral Music Arranged in Biblical Order James H. Laster, 1996-06-11 This second edition of Laster's Catalog combines in one volume the listings from the first catalog with the voluminous material that has appeared since 1973 more than doubling the number of citations It is designed as an aid for the church musician and or pastor seeking to plan unified worship services It will also be of use to those church musicians who follow the Liturgical Calendar and plan music appropriate to the appointed lessons as well as a source for non church choir directors who would like to locate choral settings based on a particular passage from Scripture Entries are arranged from Genesis through Revelation Each main entry citation provides the biblical reference book chapter and verse as well as a reference to additional passages from Scripture used in the anthem The composer arranger or editor and the title are listed as they appear on the octavo Information on voicing solos and instrumental accompaniment is noted the name of the publisher the most recent date of publication and the octavo number appear at the end of each citation where information on instrumental parts other versions of the same title and collections where the work might appear are also listed Composer and title indexes round off the work Political Prophecies in Mongolia in the 17-20th Centuries Alice Sárközi, 1992

The Book of Psalms "of David the King and Prophet" Edward Faulkener, 1875 **Ethnicity, Race, Religion** Katherine M. Hockey, David G. Horrell, 2018-06-28 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Religion ethnicity and race are facets of human identity that have become increasingly contested in the study of the Bible largely due to the modern discipline of biblical studies having developed in the context of Western Europe concurrent with the emergence of various racial and imperial ideologies The essays in this volume address Western domination by focusing on historical facets of ethnicity and race in antiquity the identities of Jews and Christians and the critique of scholarly ideologies and racial assumptions which have shaped this branch of study The contributors critique various Western European and North American contexts and bring fresh perspectives from other global contexts providing insights into how biblical studies can escape its enmeshment in often racist notions of ethnicity race empire nationhood and religion Covering issues ranging from translation and racial stereotyping to analysing the significance of race in Genesis and the problems of an imperialist perspective this volume is vital not only for biblical scholars but those invested in Christian Jewish and Muslim identity

Reading the Bible as a Postexilic Biblical Author Read T. N. Huu-Thien, 2025-01-31 Millions of Christians read the Bible not only to know what happened in ancient biblical times but also to find God's message to them Consequently the Bible is the best selling book of all time However scholars have observed that over the past two hundred years biblical interpretation in the West has traditionally focused mainly on studying what the text meant For Western biblical scholars the study of what the Bible means to readers today falls within the realm of theological studies rather than biblical studies In contrast Asian biblical interpretation is holistic studying both what the text meant and what it means Interestingly this book demonstrates

that long before any modern biblical reading approaches emerged the Chronicler as demonstrated in the book of Chronicles read his biblical sources to actualize the messages of those biblical materials in ways relevant to his postexilic audience The Chronicler's reading is similar to Asian biblical readings This book proposes a reading approach that synthesizes the strengths of the Chronicler's reading and two modern biblical reading approaches employed by Asians to achieve the dual aim of biblical interpretation and make biblical reading meaningful and applicable to modern readers *Minoritized Women Reading Race and Ethnicity* Mitzi J. Smith, Jin Young Choi, 2020-09-24 Nonwhite women primarily appear as marginalized voices if at all in volumes that address constructions of race ethnicity and early Christian texts Employing an intersectional approach the contributors analyze historical cultural literary and ideological constructions of racial ethnic identities which intersect with gender sexuality class religion slavery and or power Given their small numbers in academic biblical studies this book represents a critical mass of nonwhite women scholars and offers a critique of dominant knowledge production Filling a significant epistemological gap this seminal text provides provocative innovative and critical insights into constructions of race ethnicity in ancient and modern texts and contexts *A Commentary on THE MINOR PROPHETS* David Pawson, 2019-08-22 David Pawson looks at the messages of these so called minor prophets and says I do not like that term To God all prophets are important whether they speak a little or a lot Even if God only gave you three words for somebody else that is prophecy You don't need to do it at length for fifty years as some prophets did There are some prophets in the Old Testament who only speak once and then as far as we know they disappear but they have given a message from God This is all a prophet is someone who has heard a message and passes it on to the right people It is such a simple ministry You don't need to be theologically educated you don't need to be a public speaker In fact God seems to entrust this ministry to those who don't have a gift of oratory It is exciting to hear ordinary folk who would never be able to get up into a pulpit and preach a sermon hear from God and pass on a word from him **Prophecy in Early Christianity and the Ancient Mediterranean World** David Edward Aune, 1983 Aune's comprehensive study of early Christian prophecy includes a review of its antecedents Greco Roman oracles ancient Israelite prophecy prophecy in early Judaism a discussion of Jesus as prophet and analyses of Christian prophetic speeches from Paul to the middle of the second century A D *Biblical Wisdom for Young Adults* Joseph Ola, Anu Ola, This book combines in one volume the best of Joseph and Anu's works for young adults In Young and Found Joseph and Anu share practical and biblical wisdom on the complex everyday challenges that young Christians face Subjects covered include personal development hearing God's voice sex and sexuality parent youth relationships faith integrity fun marriage managing weaknesses prayer pioneering time and money management to mention but a few In Is This Opportunity From God reflecting on scripture and personal experience Joseph lays out 7 checkpoints to help the reader discern if an opportunity is indeed from God or just another distraction from God's best plan In Marriage in View Joseph and Anu through their love story draw young people to engage with the tested and timeless countercultural

principles upon which the institution of marriage is established In Waiting Compass Joseph presents 5 peaces of transformational thoughts helping the reader to find God when He seems to delay And in Unaddicted Joseph shares some liberating thoughts on how to overcome sexual addictions sharing unreservedly from his journey through the same struggles Each of these books have been a tremendous blessing to thousands of Christian young adults and millennials over the years This compilation will seeks to bless even more lives with the transformative power of God s Word **The Biblical treasury**
