Prophets Gurus And Pundits Rhetorical Styles And Public Engagement:

Prophets, Gurus, and Pundits Anna M. Young, 2014-02-21 In *Prophets Gurus and Pundits* author Anna M Young proposes that the difficulty of bridging the gap between intellectuals and the public is not a failure of ideas rather it is an issue of rhetorical strategy By laying a rhetorical foundation and presenting analytical case studies of contemporary public intellectuals Young creates a training manual for intellectuals who seek to connect with a public audience and effect change writ large Young begins by defining key aspects of rhetorical style before moving on to discuss the specific ways in which intellectuals may present ideas to a general audience in order to tackle large scale social problems Next she defines the ways in which five crucial turning points in our nation the rise of religious fundamentalism a growing lack of trust in our institutions the continued destruction of the environment the ubiquity of media and information in our daily lives and the decline of evidence based reasoning have set the stage for opportunities in the current public intellectual dialogue Via case studies of such well known personalities as Deepak Chopra and Professor Cornel West Young goes on to reveal the six types of public intellectuals who achieve success in presenting scholarly ideas to audiences at large The Prophet presents the public's sins for contemplation then offers a path to redemption The Guru shepherds his or her flock to enlightenment and a higher power The Sustainer draws upon our natural and human resources to proffer solutions for social political and ecological systems The Pundit utilizes wit and brevity to bring crucial issues to the attention of the public The Narrator combines a variety of perspectives to create a story the average person can connect with and understand The Scientist taps into the dreams of the public to offer ideas from above and beyond the typical scope of public discourse At once a rallying cry and roadmap *The Politics of Thinking Out Loud* draws upon rhetorical expertise and analysis of contemporary public intellectuals to offer a model for scholars to effectively engage the public and in doing so perhaps forever change the world in which we live Used, Abused, and Sidelined Mary E. Stuckey, 2025-08-19 Since it was published in 1776 the Declaration of Independence has been used to advocate for social justice and to maintain inequitable social hierarchies it has served as a model for justifying revolutions in other nations and for the Confederacy's secession from the US federal government But as we approach its 250th anniversary this book asks Does the Declaration still matter In this volume leading scholars explore how this remarkably pliable document has been used for progressive and regressive politics alike and track its impact on independence movements across the globe The essays begin with the Declaration's immediate reception and masculine style of prose and then move on to its central role in interpreting civic action between state and federal governments most notably secession in the Antebellum era questions of sovereignty between Indigenous nations in the United States and the United States relationship with Latin America The next section focuses on the ways the Declaration was called upon to urge imperative moral action especially in terms of human rights in the US Civil Rights Movement and the Velvet Revolution in Czechoslovakia and in contrast how it was cast aside in the Syrian Revolution The final section teases out the tension

between the needs reflected in the original document and the needs of the contemporary political world Used Abused and Sidelined demonstrates how this foundational document prepares us to tolerate and to resist and it points to how we might leverage the Declaration to create a different kind of political future

Research Anthology on Fake News, Political Warfare, and Combatting the Spread of Misinformation Management Association, Information Resources,2020-10-30 With recent headlines around fake news from world leaders and around presidential elections Twitter and other social media platforms being pressured to detect and label misinformation posted on their platforms as well as misinformation around COVID 19 and its vaccine the world has seen an increase in protests policy changes and even chaos surrounding this information This spread of misinformation when left unchecked can turn fiction into fact and result in a mass misconception of the truth that shapes opinions creates false narratives and impacts multiple facets of society in potentially detrimental ways indicating a need for the latest research on how the devastating impacts of this trend how to discern facts from misinformation as well as more information on technological advancements in fake news detection The Research Anthology on Fake News Political Warfare and Combatting the Spread of Misinformation is a compilation of the most comprehensive previously published and highly cited research from prestigious institutions including Columbia University and Stanford University USA which focuses on understanding fake news how it spreads its negative effects and current solutions being investigated While highlighting topics such as fake news trending conspiracy theories media distrust political warfare and detection methods this book is ideally intended for practitioners stakeholders researchers academicians and students interested in the continuing surge of fake news and its at times dangerous results

Rethinking Cultural Criticism Nete Nørgaard Kristensen,Unni From,Helle Kannik Haastrup,2020-11-30 This edited volume examines cultural criticism in the digital age It provides new insights into how critical authority and expertise in a cultural context are being reconfigured in digital media and by means of digital media as the boundaries of cultural criticism and who may perform as a cultural critic are redefined or even dissolved The book applies cross media and cross disciplinary perspectives to advance cultural criticism as a wide ranging and multi faceted object of study in the 21st century Presenting a broad collection of case studies including global cases such as the Golden Globe the Intellectual Dark Web YouTube Rotten Tomatoes and Artsy and particular national contexts such as Britain the Czech Republic Denmark and the Netherlands the book showcases the many theoretical and methodological approaches that may serve as useful frameworks for studying new critical voices in the digital age It will be of interest to media communication and journalism scholars as well as scholars from a range of aesthetic disciplines

Rhetoric at the Non-Substantialistic Turn Therese Boos Dykeman,2018-05-04 Rhetoric at the Non Substantialistic Turn The East West Coin presents a unique theory of rhetoric that encompasses both Eastern and Western approaches Based on the Field Being philosophy founded by Lik Kuen Tong this theory gives an account of the ontological foundations of both kinds of rhetoric Beginning with an exposition of the nature of Field Being rhetoric as Eastern and

Western this book presents chapters on Eastern and Western rhetoric over history as power ethics art creativity politics and communication It acknowledges the thinking of many philosophers and rhetoricians who have contributed to East West comparative studies in both fields and argues that both understandings of rhetoric are necessary for global communication

Contemporary Culture and Media in Asia Daniel Black,Olivia Khoo,Koichi Iwabuchi,2016-09-23 The study of Asian culture media and communications is an area that has developed rapidly over the past two decades This rapid development has led to the deployment of diverse scholarly approaches while simultaneously raising important questions regarding the extent to which the use of key terms such as nation citizenship and modernity must be modified to reflect the specificity of an Asian context Furthermore the irrepressible flows of popular cultural forms and the enthusiastic adoption of new communications technologies across the region demand approaches that can accommodate the dynamism and diversity of Asian culture and media *Contemporary Culture and Media in Asia* brings together leading scholars from Asia North America and Australia to address questions related to these challenges producing new insights and frameworks that can be productively utilized by students and scholars working in the field Traitors, Collaborators and Deserters in Contemporary European Politics of Memory
