George Weinberg, 2012-12-11 Why are men afraid to commit Dr Weinberg answers this question in WHY MEN WON T COMMIT and shows women how to help their men change their minds Dr Weinberg considers that men have four basic needs the need to be special to travel light for loyalty and for emotional closeness and if they feel that these aren t being met they will develop bad gut reactions against their girlfriends which will most likely mystify these women The problem for women and men is that men themselves couldn t tell you about these needs because they ve grown up establishing a masculine pretence that forbids them from showing emotion or discussing problems Dr Weinberg s WHY MEN WON T COMMIT provides a bridge between the two sexes that will lead to greater understanding greater commitment and greater happiness This is a unique approach to an age old problem because it shows women why they needn t play games or lose their own dignity to help men commit An informed practical straight talking guide to men or as Dr Weinberg calls them the fragile sex WHY MEN WON T COMMIT is invaluable to every woman who feels her single life must end and soon
