Psychodynamic Coaching Focus And Depth:

Psychodynamic Coaching Ulla Charlotte Beck, 2018-04-17 In a postmodern age we all need a room of our own A room or space where we can explore and reflect on how the rapidly changing world affects us A room where it is possible to get a feeling of who we are and wish to be in the middle of the buzz of our everyday lives Where it is possible to explore our challenges and possibilities and thus become a more robust human being Where we can think of our relationships and interactions Where we can have a break and some relief and where we can summon the energy to act or not to act in our lives Coaching is way of providing the space for such thoughts reflections and insights into our possibilities Most of the different coaching methods do not adhere to a specific psychological theory However in this book you will meet a coaching method that is based on a specific theory psychodynamics

Mastery in Coaching Jonathan Passmore, 2014-09-03 The reasons that coaching works so well and can produce such dramatic results are grounded in psychology so it follows that some of the most powerful coaching methods available draw on psychological thinking Published with the Association for Coaching *Mastery in Coaching* presents the latest thinking on the most effective techniques coaches can use with their clients Every chapter is written by a leading expert in the field and takes a rigorous evidence based approach which will give you a practical understanding of each method supported with examples and underpinned by the theory of the key psychological concepts in coaching Ranging from cognitive behavioural coaching gestalt and positive psychology to neuroscience and mindfulness this indispensable book will give any serious coach the tools they need to get the best from their clients

Leading with Depth Claudia Nagel, 2023-09-28 Leadership goes well beyond efficient management and the significance of emotions on the success of organisations is often underestimated In *Leading With Depth The Impact of Emotions and Relationships* Claudia Nagel guides us through the emotional and relational fallacies of organisational leadership from both the personal and the systemic perspective Nagel expertly weaves theory including attachment neuroscientific psychodynamic psychosocial and psychoanalytic with practical advice She looks at the leader as an individual and leadership as a context within systems such as groups organisations and societies The book is divided into two parts and contains thirty eight figures to illustrate important aspects of leadership The first chapter in each part is purely theoretical followed by more method oriented and practical chapters which are complemented by pertinent case studies from well known experts in the field coaches consultants or academics Contributors include Gilles Amado Birgitte Bonnerup Phil Boxterk Halina Brunning Annemette Hasselager Manfred F R Kets de Vries Olya Khaleelee Fiona Martin Ajit Menon Rose Mersky Mal O Connor Larissa Philatova Martin Ringer Rob Ryan and Kalina Stamenova Each chapter concludes with a brief overview of the key learnings for the reader to take away In this way Nagel encourages practical learning and application and engagement with the text Nagel s clear language spares the reader of academic jargon and is highly readable The book successfully bridges the gap from theoretical concepts to real life application and will be of value to incoming and

experienced leaders alike as well as organisational consultants and executive coaches looking to inform their practice

The Coaches' Handbook Jonathan Passmore, 2020-10-13 This comprehensive practitioner guide provides an accessible evidenced based approach aimed at those new to coaching and who may be undertaking coach training for a certificate in coaching or professional credentials or accreditation with the AC ICF EMCC CMI or ILM The book will also be useful for those who want to enhance their coaching skills The Coaches Handbook is edited by Jonathan Passmore an internationally respected expert and executive coach with chapters from leading coaching practitioners from across the world The book is divided into seven sections Section one examines the nature of coaching its boundaries the business case for coaching and how organisations can build a coaching culture Section two focuses on deepening our self understanding and understanding our clients the non violent communications mindset and the coaching relationship Section three focuses on the key skills needed for coaching including goal setting powerful questions active listening using direct communications and the role of silence emotions and challenge in coaching Section four offers a range of coaching approaches including behavioural person centred solution focused psychodynamic neuroscience narrative positive psychology out door eco coaching team coaching careers coaching and integrated coaching Section five focuses on fundamental issues in coaching such as ethics and contracting and evaluation Section six explores continuous professional development reflection and the role of supervision as well as how to establish your coaching business The final section contains a host of coaching tools which practitioners can use to broaden their practice Unique in its scope this key text will be essential reading for coaches academics and students of coaching It is an important text for anyone seeking to understand the best practice approaches that can be applied to their coaching practice including human resources learning and development and management professionals and executives in a coaching role

Psychology for Coaches Maciej Świeży, 2021-06-30 Psychology for Coaches offers its readers a chance to ground their interpersonal skills in sound psychological theory and research It provides a solid synthesis of current concepts and research results translating them into hands on recommendations and examples of tools The book was written in response to questions asked by trainee coaches eager to make sure they are doing their best to provide a safe professional and valuable service It offers clear practical examples on how to apply presented concepts into coaching practice It challenges popular strategies that may have unwanted side effects and offers to replace them with specific ideas on how to use coaching conversations to support goal setting and consistent motivation encourage autonomy and responsibility assist self reflection and manage learning increase awareness of emotions and manage them better identify and change beliefs and schemas build a healthier perception of oneself Psychology for Coaches will be essential reading for coaches in all areas including those in training who want an accessible fast introduction to the most relevant areas of psychology and an overview that will guide their further learning It will also be an inspirational guide for people aiming to use coaching skills in other professional roles
