Leone While the slave trading past is rarely remembered in explicit verbal accounts it is often made vividly present in such forms as rogue spirits ritual specialists visions and the imagery of divination techniques Drawing on extensive fieldwork and archival research Shaw argues that memories of the slave trade have shaped and been reshaped by experiences of colonialism postcolonialism and the country's ten year rebel war Thus money and commodities for instance are often linked to an invisible city of witches whose affluence was built on the theft of human lives These ritual and visionary memories make hitherto invisible realities manifest forming a prism through which past and present mutually configure each other
