New Orleans T. R. Johnson, 2023-03-02 The neighborhoods of New Orleans have given rise to an extraordinary outpouring of important writing Over the last century and a half or so these stories and songs have given the city its singular place in the human imagination This book leads the reader along five thoroughfares that define these different parts of town Royal St Claude Esplanade Basin and St Charles to explore how the writers who have lived around them have responded in closely related ways to the environments they share On the outskirts of New Orleans today the city's precarious relation to its watery surroundings and the vexed legacies of race loom especially large But the city's literature shows us that these themes have been near to hand for New Orleans writers for several generations whether reflected through questions of masquerade dreams of escape the innocence of children or the power of money or of violence or of memory

New Orleans Rhythm and Blues After Katrina Michael Urban, 2016-04-08 Music magic and myth are elements essential to the identities of New Orleans musicians The city's singular contributions to popular music around the world have been unrivaled performing this music authentically requires collective improvisation taking performers on sonorous sojourns in unanticipated magical moments and membership in the city's musical community entails participation in the myth of New Orleans breathing new life into its storied traditions On the basis of 56 open ended interviews with those in the city's musical community Michael Urban discovers that indeed community is what it is all about In their own words informants explain that commercial concerns are eclipsed by the pleasure of playing in one big band that disassembles daily into smaller performing units whose rosters are fluid such that over time everybody plays with everybody Although Hurricane Katrina nearly terminated the city New Orleans and its music in no small part due to the sacrifices and labors of its musicians have come back even stronger Dancing to their own drum New Orleanians again prove themselves to be admirably out of step with the rest of America

Lightweis-Goff,2024-12-10 Explores the legacies of slavery in Southern cities along the Gulf and Atlantic coasts Cities are fraught sites in the national imagination turned into identity markers when urban and rural indicate tastes rather than places Cities bring chaos draining the lifeblood of the nation like a tick draws blood from its host to paraphrase Thomas Jefferson s anti urban polemics which might have been written during any election year centuries or months ago Racism and anti urbanism were born conjoined during the Revolution Like their Atlantic coastal counterparts in the US North Southern cities similarly polyglot and cosmopolitan resist the dominant mutually inclusive prejudices of the nation that fails to contain them on its eroding flooding coasts *Captive City* explores the paths of slavery in coastal cities arguing that captivity haunts the hospitality cultures of Charleston New Orleans Savannah and Baltimore It is not a history of urban slavery but a literary reflection that argues for coastal cities as a distinct region that scrambles time resisting the post in postindustrial and the neo in neoliberalism Jennie Lightweis Goff offers a cultural exploration bound by American literature especially life writing by the enslaved as well as compelling reassessments of works by canonical writers such as Frederick Douglass Harriet Jacobs and Hector St John de Crevecoeur Lightweis Goff reveals how the preserved yet fragile landscapes of these cities are haunted not simply by the ghost tours that are signature stops for travelers in their historic districts but by the echoes of slavery in their economies and built environments *Food Lit* Melissa Brackney Stoeger,2013-01-08 An essential tool for assisting leisure readers interested in topics surrounding food this unique book contains annotations and read alike for hundreds of nonfiction titles about the joys of comestibles and cooking *Food Lit A Reader s Guide to Epicurean Nonfiction* provides a much needed resource for librarians assisting adult readers interested in the topic of food a group that is continuing to grow rapidly Containing annotations of hundreds of nonfiction titles about food that are arranged into genre and subject interest categories for easy reference the book addresses a diversity of reading experiences by covering everything from foodie memoirs and histories of food to extreme cuisine and food expos s Author Melissa Stoeger has organized and described hundreds of nonfiction titles centered on the themes of food and eating including life stories history

science and investigative nonfiction The work emphasizes titles published in the past decade without overlooking significant benchmark and classic titles It also provides lists of suggested read alike for those titles and includes several helpful appendices of fiction titles featuring food food magazines and food blogs Markets of Sorrow, Labors of Faith Vincanne Adams, 2013-03-04 Markets of Sorrow Labors of Faith is an ethnographic account of long term recovery in post Katrina New Orleans It is also a sobering exploration of the privatization of vital social services under market driven governance In the wake of Hurricane Katrina public agencies subcontracted disaster relief to private companies that turned the humanitarian work of recovery into lucrative business These enterprises profited from the very suffering that they failed to ameliorate producing a second order disaster that exacerbated inequalities based on race and class and leaving residents to rebuild almost entirely on their own Filled with the often desperate voices of residents who returned to New Orleans Markets of Sorrow Labors of Faith describes the human toll of disaster capitalism and the affect economy it has produced While for profit companies delayed delivery of federal resources to returning residents faith based and nonprofit groups stepped in to rebuild compelled by the moral pull of charity and the emotional rewards of volunteer labor Adams traces the success of charity efforts even while noting an irony of neoliberalism which encourages the very same for profit companies to exploit these charities as another market opportunity In so doing the companies profit not once but twice on disaster
